

Among the things for which our boys are fighting is the right to celebrate Christmas in the traditional American way. It is with particular pride in our country's accomplishment in this direction and with firm faith for the future that we send you now our heartiest Xmas wishes.

Campaign For More Seed Of Ladino Clover Laid

A campaign put on last year to increase the output of ladino clover seed in Oregon which included a substantial increase in guaranteed price resulted in a big jump in the production of certified seed in Oregon in 1944 compared with the 1943 output. E. R. Jackman extension farm crops specialist at Oregon state college reports. The preliminary estimates for 1944 show a production of well over 300,000 pounds compared to less than 200,000 pounds in 1943. Demand from eastern dairymen for ladino clover seed to increase the yield of their pastures is still greatly in excess of supply. Certified seed is now selling well above the government's guaranteed price of \$1.50 per pound. Jackman believes that the crop looks like a good bet on an expanded basis for another year or two at least. Josephine and Jackson counties produce a high percentage of the United States supply of ladino clover although this year Malheur, Deschutes and Crook counties added substantially to the states total production.

Christmas SEASON'S CHEER

The Stage Coach has given place to the streamliner. The electric light has snuffed out the soft-beamed candle. Tinkling sleigh bells are drowned in the roar of motor horns. But who will say that Christmas at hand we renew our pledge of devotion to ideals of honest dealing, and express our appreciation of your friendship for us during 1945.
