"BROWNOUT" BEGINS ON FEBRUARY 1ST

J. A. Krug, chairman of the war production board announced today a nationwide "brownout" order effective February 1 prohibiting certain specified types of electric lighting as one phase of the program to alleviate critical fuel shortage.

Utilities order U-9 the new restriction practically eliminates use of electricity for outdoor advertising, ornamental and display lighting.

"It is estimated that the order will save 2 million tons of coal annually," Mr. Krug said. "This is approximately 10% of the 25 million ton bituminous coal conservation goal mentioned by Jas. F. Byrnes, director of war mobilization and reconversion on January 10." Justice Byrnes had requested voluntary curtailment of unnecessary lighting pending issuance of this order.

Effective February 1 under the terms of the new WFB order, no electricity can be used for the following purposes:

- 1 Outdoor advertising and outdoor promotional lighting.
- 2 Outdoor display lighting except where necessary for the conduct of the business of outdoor establishments.
- 3 Outdoor decorative and outdoor ornamental lighting.
- 4 Show window lighting except where necessary for interior illumination.
- 5 Marquee lighting in excess of 60 watts for each marquee.
- 6 Whiteway street lighting in excess of the amount determined by local public authority to be necessary for public safety.
- 7 Outdoor sign lighting except for:

a Directional or identification signs required for fire and police protection, traffic control, transportation terminals and hospitals; or directional or identification signs for any similar essential public service the lighting of which is specifically certified to be necessary by local public authority. Certification shall be made in writing to the appropriate electric supplier and need not be in any particular form.

b Directional or identification sign using not more than 60 watt per establishment, for doctors and for hotels, and other public lodging establishments.

Mr. Krug announced that Edward Falk, director of the office of war utilities will administer the order.

The order is effective thruout the nation. Provision is made, however, for the office of war utilities to except from the order's terms any section of the country where it is determined that compliance will not reduce the consumption of coal or other scarce fuels. (Example, power supplied by hydro-electric stations.)

As one of the penalties for non-compliance the new order provides that WFB may direct the discontinuance of electric service to any consumer who wilfully violates the order.

THE MONKEY'S DISGRACE

Three monkey's sat in a cocoanut tree,
Discussing things as they're said to be.
Said one to the other two, "Now listen you two;
There's a certain rumor that can't be true;
That man descended from our noble race.
The very idea is a disgrace.
No monkey ever deserted his wife,
Starved her babies and ruined her life.
And you've never known a mother monk
To leave her babies with others to bunk,
Or pass them on from one to another,
Till they scarcely know who is their mother.

And another thing you never see;
A monk build a fence 'round a cocoanut tree
And let the cocoanuts go to waste,
Forbidding all other monks to taste,
Why if I put a fence around a tree,
Starvation will force you to steal from me.

Here's another thing a monk won't do;
Go out at night and get on a stew,
Or use a gun, or club or knife
To take some other monkey's life.
Yes, man descended, the ornery cuss;
But, brother he didn't descend from us.

STOP Scratching It May Cause Infection
For quick relief from itching caused by eczema, athlete's foot, scabies, pimples and other itching conditions, use pure, cooling, medicated, liquid D. D. D. PRESCRIPTION, a doctor's formula. Greaseless and stainless. Soothes, comforts and quickly calms intense itching. 35c trial bottle proves it, or money back. Don't suffer. Ask your druggist today for D. D. D. PRESCRIPTION.

Bonds Over America

MICHIGAN'S CAPITAL

Michigan was known to Jesuit missionaries as "Michigania" or "Michigany," relating to the great body of water east and west of the peninsula which now bears that name. The state's first capitol building was erected at Detroit in 1823 but in 1847 Lansing became the capital city. The present imposing capitol, constructed of New Hampshire granite and Ohio sandstone, cost \$1,510,130 and was dedicated in 1879 at an historic ceremony attended by all living governors of the state. Through its ornate halls and chambers have flown legislative streams directly enhancing the life of Michigan's tremendous industrial activity. And War Bonds are keeping that life-stream flowing.
