B.F. Goodrich
Silvertown

This is the tire that's backed by 3 years' extra experience. 3 years before any other manufacturer, B.F. Goodrich sold tires containing synthetic rubber to American car owners. These tires have proved their superiority in the now famous 80 million mile road test... proved the value of this extra experience. And they have other "extras" too...

FULL PRE-WAR TREAD THICKNESS 28% STRONGER CORD CONSTRUCTION 30% MORE RUBBER BETWEEN PLIES

Made with Duralin, the "tire vitamin" that fights wear, provides long, safe mileage. Cord better than previous, makes plies stronger and tire safer. Reduces stress between cords—gives added blow-out protection.

CAUTION: There aren't enough new tires for all who are eligible. Take care of your present tires and make them last. If you must have a new tire, be sure it's a B.F. Goodrich Silvertown.

6:00-15 **\$15.20** PLUS TAX (with your old tire)

B.F. Goodrich Glasstex Batteries

A battery needs extra punch these days of short trips—and this battery has it! Special glass mats shield the plates—keep them active longer! If your battery is old and weak—don't delay. Replace it with a power-packed Glasstex now.

Mrs. Frank Thomas spent the week end with her sister in Portland and on Sunday with a party of friends enjoyed at picnic at Seaside.

Mr. and Mrs. Frank Whitehead have modernized their home they recently purchased by the school house and moved into the same on Monday.

Mrs. Bert Millsap spent Saturday in Salem with her granddaughter Cadet Martha Jane Mill say U.S.C.N.C. who is taking at the state hospital in psychiatry.

Irvin Brown is making improvements on his place by putting on a new roof, building chicken fence and doing considerable work inside the house.

Harvey and Hal Gibson celebrated their 79th birthday Sunday. Mrs. Hal Gibson honored them with a dinner which was greatly enjoyed by the guests of honor and several friends.

A report does not say so, but if such a thing should happen and farm prices would likely hit the bottom another depression would be upon us. Farm prosperity is absolutely dependent upon high industrial employment and that doesn't mean a few people working at high wages but many people turning out a huge number of manufactured products just as the farmers are expected to raise plenty of food at all times.

THE LOW DOWN

from

HICKORY GROVE

I sure run into a nice Native Son recent like, Anybody harbor in the idea that all Native Sons are a pest and windy nuisances, are all wet. This gentleman I met his name is Isadore Dockweiler, lives in Los Angeles, he calls it Nuestra Senora Reina de Los Angeles. He got on the subject of flag. He knows flags from the time of Columbus and Balboa down to now. More states should fly their flag he says. California flies hers, so does Texas. Also, the city of New York shows its colors, and sometimes, now and then Massachusetts, he says. They have pride in their state or city, like maybe you have pride in your family name.

I been looking at pictures of flags, all states have 'em, nice ones too, but they have them locked in vaults. They should be fluttering in the breeze alongside Old Glory.

States Rights will be out the window unless more states show more pride, and their colors, and spunk, and also less dependence upon far-away Wash.

Yours with the low down,
JOE SERRA.

Station Field Day on Hill

Soils is Open to All

The increasing value of the research work carried on at the Hed Hill Soils experimental area near Oregon City will again be apparent at the annual field day May 18 from 10 to 3 o'clock says R. S. Besse, assistant director of the experiment station who will attend the "open house" along with local officials.

The work carried on there applies to a considerable extent to hill soils thruout western Oregon hence a general invitation is extended for all to attend who are interested in improving cropping methods on such soils says Besse. Some 500 persons from Oregon and western Washington attended last year field day.

The area was started by legislative authority just six years ago next July. Added value is given to the findings with each year of operation says Besse.

Morgenthau Cites
Types of Issues
Issued to Public

A grateful Nation has girded itself for the Mighty Seventh War Loan for 14 billions of dollars, half of which has been assigned as the individual sales quota. According to reports from state chairmen reaching Ted R. Gamble, national director of the War Finance Division of the Treasury in Washington, the Nation is ready for the huge task.

Mr. Gamble was enthusiastic about results. He said "We're prepared to do the best job in the 7th War Loan." Mr. Gamble said that "not only is there more money available than ever before in each state, but individual income will be higher in the period of the 7th War Loan than in any previous War Loan period."

MORGENTHAU

Secretary of the Treasury Henry Morgenthau said seven billions of dollars has been assigned as the quota for individual investors and that the major emphasis throughout the drive will be placed on the quota for individuals. The individual quota is the highest established in any of the previous drives, the secretary said.

The E Bond quota alone is 4 billion. The 7th War Loan seeks nearly as much in the one drive as was asked in the first two drives of last year which were held up to this time. The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is every evidence that Federal expenditures are going to remain at a high level for some time to come, and that the Seventh War Loan program was designed to obtain maximum funds necessary to prosecute the War from non-bank investors.

The securities, which will be sold under the direction of the State War Finance Committees, are as follows: Series E, F and G Savings Bonds, Series C Savings Notes, 2 1/2% Bonds, 2 1/4% Bonds, 1 1/2% Bonds, 3/4% Certificates of Indebtedness. The 1 1/2% Bonds will not be offered in the Drive to corporations.

The Drive for individuals will extend from May 14 to June 30. However, an intensification of activities in the sale of Series E bonds began April 9, when millions of persons on payroll savings plans throughout the country were asked to enlarge their participation as a part of the Seventh War Loan. All Series E, F and G Savings Bonds and Series C Savings Notes processed through the Federal Reserve Banks between April 9 and July 7 will be credited to the Drive.

During the final phase of the Drive which will cover the period from June 15 through June 30, subscriptions will be received from all other non-bank investors for the 2 1/4% and 2 1/2% marketable bonds and the certificates of indebtedness.

Can Grandmothers join the Elves, Leprechauns, Gnomes, and Little Men's Chowder and Marching Society, Mr. O'Malley?

No, Barnaby... But they're enlisting in the Grandmothers War Bond League.
