THE LOW DOWN from HICKORY GROVE

You know, this idea of each state flying its own flag alongside the stars and stripes, it is maybe gonna catch on in more than just Texas and California. Too much remote control has not been doing our local aches and pains any good. Fact is, it is remote control that is causing most of our miseries. Like with bringing up an off-shoot, you can't pass the buck and responsibilities of doing so, to the social uplifters, or the P.T.A. or somebody outside, and not breed trouble for yourself.

We been sold on the idea we oughta lean on somebody—mostly it has been on Uncle Samuel. We been doing so.

But this new boss there on the Old Potomac, he is a pretty wise hombre—he is maybe gonna make it over into a New Potomac. Why should he do all the work, he says—let the states do something. So he is telling folks the Governors as they show up.
