Crop Insurance Applications Taken

Applications for crop insurance on the 1947, 1948, and 1949 wheat crop are being accepted in the county office now. The county crop insurance agents will be supplied with the necessary material to write wheat crop insurance policies in the very near future. The crop insurance agents for Clackamas county are E. O. Nicholson, Wilsonville; Vernon Hepler, Canby; and Hugh Carlin, Estacada.

Any person who expects to have an interest as landlord, owner-operator, or tenant in a wheat crop to be seeded for harvest as grain in any of the crop years 1947, 1948, or 1949 may apply for insurance to cover his interest in such crop. The insurance contract covers loss in yield of wheat due to unavoidable causes, including drought, flood, hail, wind, frost, winter kill, lightning, fire, excessive rain, snow, wild life, hurricane, tornado, insect infestation, and plant disease. The new policies offer a partial insurance protection as well as the old 50 or 75 percent of the average yield. The applicant may elect on his application to obtain 60, 70, 80 or 90 percent partial insurance protection. Where the contract provides "partial insurance" protection, the premium and any indemnity which otherwise would be payable shall be reduced accordingly.

Wheat growers who have 1946, 1947, and 1948 contracts and who wish to take advantage of the partial insurance plan may cancel their old contracts and apply for the new one. Applications must be submitted to a crop insurance agent or the county AAA office before the beginning of seeding or September 28 whichever occurs first.

County 4-H Club News

County Club Agent Hinckley suggests that all Clackamas County 4-H judging teams meet at the Durc swine sale at Gresham, 8:30, Saturday, August 3rd, to get some practical experience in judging work. He still has room for three members to ride with him.

Four-H plans for county fair well under way, announced Hinckley, club agent today. He said that the 4-H leaders have already met and selected all the supervisors for boys and girls work and that supervisors have already started getting things ready for the biggest show in years.

The key people chosen to run their respective departments are as follows:

Style revue: Mrs. C. R. Ledoy, route 2, Oregon City; Miss Elma Tenny, route 2, Estacada.

Canning: Mrs. Inez Gottwald, route 3, box 201, Molalla.

Clothing: Mrs. Gilbert Hansen, 8038 S. E. 31st, Milwaukie.

Cooking: Mrs. Roy Dalbey, Jennings Lodge.

Home-making and room improvement: Mrs. H. B. Schriever, route 3, box 119-A, Molalla.

Demonstration contest: Mrs. Janet Porter, route 3, box 80, Oregon City.

Word has just been received in the county 4-H club office that \$7,000 will be awarded to 4-H club members at this year's state fair, September 2 to 8, said Club Leader Hinckley, today.

Premium lists for the 4-H contests and exhibits will be available very shortly from his office.

Demonstration and judging contests are expected to be very good because of the many awards given by the many businesses and companies.

Third Spray Due For Codling Moth

The third cover spray for the codling moth on apples and near is due and August 1 will be about the latest an effective spray can be applied, according to Herold V. Loughhead, assistant county agent.

The spray to use is lead arsenate, 3 pounds to 100 gallons of water. Calcium arsenate may be substituted for the lead arsenate with almost equal results. Thoroughness of application is the key to good worm control. Cover the foliage as well as the fruit with spray. Special care in spraying the tops will pay since over half the codling moth eggs are laid in the upper third of the tree.

Mike Pollock has new neon sign, Mt. Hood Cleaners, and will be ready to open his new shop soon.

The V. E. Dibbles returned last Thursday from their vacation. Mr. and Mrs. Lester Dahrens and daughter are leaving for California.
