**when you install
your new pump**

USE COPPER TUBING
WITH
"Siamese" Flanges

Copper water tubing will last years longer than ordinary pipe in your well. It's corrosion resistant, lighter and easier to handle. And by using "Siamese" flanges, copper tubing is quicker and simpler to install or remove from the well. When you install your new jet pump, or if the pipe now in your well has rusted out, be sure to use the best. THIS TIME use copper tubing with Jacuzzi "Siamese" flanges.

No threading is required for copper tubing. "Siamese" flanges are soldered to the tubing. Sections of tubing are joined with stainless bolts and a gasket. The union is strong and will withstand high pressures. Note the neat union made by using "Siamese" flanges—a product of Jacuzzi, makers of world famous injector type pumps.

Fire Protection Subject at Fair

Theme of the Clackamas county fair, September 1-4 at Canby, will be "fire protection," according to action taken by the fair board Tuesday. Fire chiefs of all departments and rural districts are being invited to a dinner meeting Tuesday, July 20, at Wyrick's Chicken In the Rough, Gladstone, at which final details for spending \$400 in prize money will be decided.

The fair board has suggested that most of the money be used as prizes for comedy skits, water fights and the like. A different program and contestants will be used at each evening performance according to tentative plans.

To County Grange

EAGLE CREEK—The Eagle Creek Grange was host to other Clackamas County Granges at the quarterly meeting of the Pomona Grange Wednesday. There were about 185 present from various Granges throughout the county.

State overseer, Elmer McClure, attended the meeting and introduced to the group.

A committee was appointed to investigate the daylight savings time proposal to be voted on in Portland in the November election. The outcome of the vote will directly affect residents of Clackamas county as Portland is one of the main receiving centers for local produce.

Carl Jounke, Warner Grange, was appointed to membership on the state agricultural committee. He has been serving previously as a member of the county agricultural committee. Mr. Jounke was accompanied by Hollis Ottoway who gave a report on weed control.

Memorial services were conducted for Arthur Brown, chaplain of the state Grange for 12 years, and for 12 other Grangers.

soner, presented a thesis and spoke on the subject of "Prevention of Accidents."

Dinner was served to the guests present both at noon and in the evening.

Sounds Logical

Jumpoff Joe creek in southern Oregon was so named when a pioneer named Joe jumped off a bank into a mountain stream, presumably for a swim.

Oregon Valentine

Oregon is known as the Valentine state, as it was admitted to the union on Valentine's Day, 1959, 11 years after it had been established as a territory.
