Booklet Gives Tips

On Freezing of Foods
Photographs and a minimum of reading material tell the "how to do it" story in a new single sheet folder on preparing common Oregon fruits and vegetables for freezing. It is ready for distribution at the county agricultural agents' offices on West Powell. This extension bulletin No. 683, is entitled, "The Freezing Preservation of Fruits and Vegetables." For easy reference, a table showing a calendar for freezing foods is printed on the cover of the folder. Also discussed are containers, syrup preparation, sugar packing and the use of ascorbic acid to lighten the color of certain fruits.
