A Product of General Motors

A Very Fine Car at a Very Low Price!

When the 1949 Pontiac was introduced,
its public reception made Pontiac his-
tory. Yet today, some six months later,
it still continues to grow in public popu-
larity and demand! For this extraordinary situation,
there is a very simple and obvious reason. This
big, distinctively styled beauty enables people to
enjoy fine car ownership at a very low price.

Powered by the world's sweetest engine, it provides
fine car performance wherever you drive. Its
handsomely appointed Fisher body affords fine car
spaciousness and fine car atmosphere. Because of

the exclusive Travelux Ride, Pontiac comfort over
every road is fine car comfort. Its fine car steering and
general handling ease are the happy result of fine
car engineering and design. As you have the right to
expect of a fine car, Pontiac ownership carries with
it the definite promise of satisfactory, dependable
performance over the years.

Yet for all its fine car quality, Pontiac is not
expensive. Few cars undersell it. In fact, it is
America's lowest-priced straight eight. Buy this
fine car at its very low price and you'll be very, very
happy for a long, long time!
