Did you ever stop to think that maybe tomorrow you might not be living? No, I don't suppose you did, most people don't, but maybe if you did live every day as if it were to be your last you might live happier.

A few things you must do to obtain that goal is wake up every morning with a purpose in mind, like a friendly greeting and smile to all your classmates and people you meet throughout the day.

Life is a queer thing, but live it as if every day is to be your last. If you're sad, think of the nicest things you can, everyone has downfalls, so meet your sorrows with a grin.

Have self confidence and courage, don't center your life on yourself, remember you can't be happy unless others are.

The finest thing in life you can neither buy or sell, is real friendship, so try and make every one your friend. Live so that when you die you will not be forgotten like a flower when it dies.

Be grateful of everything, have respect of others, never give up trying, and always remember everyone is equal, don't think you are better than anyone else, make people glad they have lived with you.

You have only one life to live, be glad to live but do so every day as if you might die tomorrow and more peace will prevail in our schools, homes, churches and the world in general.

Basket Social Of FFA-FHA Planned For Friday, Dec. 2

The Sandy Chapter of Future Farmers of America, held a meeting on Monday night, November 28. Final committee reports were heard on the FFA-FHA basket social which will be held on Friday, December 2, at the high school gym.

Among the outstanding business transacted was the chapter parliamentary procedure team elimination. Team members selected to represent the Sandy chapter were: President, Roger Bartholomew; vice president, Bobbie Minyard; secretary, Everett Moore; treasurer, Gary Coats, and reporter, Bill Dollo- wick.

The Columbia river district Parliamentary contest will be held at Milwaukie high school on December 6. Last year the Sandy chapter, under president Glen Carmony, brought home the third place banner.

Other business was a Faculty versus FFA basketball game, to be held in the near future, and a joint Future Farmer-Future Homemakers meeting to be held in the latter part of December.

Girls' League Assembly Meets At High School For Future Planning

The long awaited mysterious Girls League Assembly was held Monday noon, November 21, in the high school gym.

The purpose of girls league is to create interest and friendship of all the girls.

The league was started and is headed by the sixth period PE class, who put on a skit, to show the girls that the league is going to show courtesy and help the school. They also demonstrated some of the things that girls league will help to do in the future.

The league is under the supervision of Mrs. Donna C. Holmes, physical education teacher.

Included in the club are: "Big and Little Sisters' Tea," (the lower and upper classmen), and a "Faculty Tea," which will sell programs at the games.

Assembly Is Held For Thanksgiving

Wednesday, November 23, the annual Thanksgiving assembly was held in the high school gym.

George Rohweder brought the assembly to attention by salutation to the flag.

Elgin Burks opened the assembly by three numbers from the choir entitled, "Prayer of Thanksgiving," "Let There Be Music," and "Lord For Thy Tender Mercy Sake."

The Rev. Fletcher Cannell, minister of the Pleasant Home Methodist church, spoke on "The Spirit of Thanksgiving."

The choir then sang, "The Festival Finale," and Rev. Cannell closed the assembly with a poem.

From The Sidelines

By Cecil Wilder

Basketball practice has moved in high gear as the Sandy hoopers ready themselves for the opener against Concordia Academy of Portland next Tuesday, December 6.

I may be wrong, but to my inexperienced eyes it didn't look as if coach Henry Pete had uncovered any shining stars who could shock the fans with their spectacular basketball ability.

It's true that there are several good hoopers back again this year, of whom Troy Cawvey is the most prominent. Troy, a fellow many of you will remember from last season, is speedy and has a pretty good shooting eye.

Wayne Fredrickson, another regular from last year, is not up to form. His shooting eye seems to be a little rusty, but we look for him to come up fast later in the season.

One bright spot for the Pioneers this year is plenty of height in the back court. What with Bill Rannow, Barney Krom and Wayne Cansler, Sandy should be very strong on the backboard.

We are looking with curiosity to see what kind of a team Sandy turns out.

National Assembly Features Bird Act

Sandy high's second national assembly will be held on Thursday, December 1, at 8:45 a.m. Featured at the assembly will be three live jungle birds named Skipper, Dutch and Joe. These mynah birds whistle, and do numerous other tricks. Students anticipate an enjoyable assembly.

Sandy Hi Alumni Dance Proves Great Success

The annual alumni dance at the Sandy high school Wednesday evening, November 23, turned out to be a huge success with 400 attending.

A prize was awarded to Mrs. Frank Schmitz for being the oldest alumni present. She graduated in 1918. Ray Murray ran a close second graduating in 1919. An award was also given to Mr. and Mrs. Chuck Woodcock for traveling 468 miles to attend this dance.

Music for the evening was provided by Grace Whitehead's orchestra.

This occasion is always one of the high lights of the school year because old school friends can get together. All alumni signed a guest book as they entered the door. Refreshments were served at intermission.

The dance was sponsored by the senior class.

Wrestling Prospects

Look Good At Sandy Hi

Wrestling, one of Sandy Union high school's most popular sports, is off to a good start, according to Mr. Eggleston, head wrestling coach of Sandy high.

Prospects look fine this year with a lot of returning lettermen. The returning lettermen are: Bob Minyard, Lon Alan, Lee Alan, Cecil Newman, Earl Page, Ray Lake, Paul Dove and Bob Hewitt.

Senior Class Play Is Scheduled Dec. 9

Anyone walking along the upper hall of Pioneer building during first period Tuesday, November 29, would have heard something like this:

"Column left, march! Detail halt! and other military commands issuing from Ralph Teters speech class, accompanied by the sounds of marching feet.

No, it isn't the National Guard practicing, it's Dick Snow issuing commands to Edna Willis and Mary Ann Finnell as they prepare for their parts in the senior class play, "Great Caesar's Ghost," to be presented December 9 in the high school auditorium.

List Report Wrong On Squad Leaders

Due to wrong information given to us the squad leaders listed in last week's paper were not the new leaders, but the old ones. The new ones are: First period, Patty Carlson, Maridine Crone, Garnette Rhode, Lotus Darnell; second period, Alice Atwood, Marva Irvin, Joan Schnepf, Phyllis Hewitt; third period, Gloria Johnson, Shirley Winger, Shirley Schultz, and Maryanne Sansom.

At fourth period, Joan May, Beverly Knox, Gloria Minyard and Sharon Frost are leaders, and at fifth period, Edwina Buswell, Joyce Wilder, Cecile Marler, Barbara Kautz, Jean Kim, Maryellen Loveland are squad leaders. Sixth period senior girls did not elect new squad leaders.

Heavy-Duty Engineered

INTERNATIONAL TRUCKS

America's most complete truck line. 87 basic models, thousands of specialized variations—each heavy-duty engineered.

Every International Truck in the line is all new. And every new International Truck from 4,200 to 90,000 pounds GVW is HEAVY-DUTY ENGINEERED!

That means the new International Trucks give you lower operating and maintenance costs. It means they'll last longer. Look at the record.

For 18 straight years International has been first in

the sale of heavy-duty trucks (16,001 pounds and over, GVW). Cost-conscious men who buy these trucks buy on a basis of performance proved by cost records.

The same management, the same engineers, the same production men, the same test experts who have kept International Trucks the outstanding value in the heavy-duty truck field, have developed every single

new model in the new International Truck line.

Come in—find out what heavy-duty engineering means in terms of operating economy. See how heavy-duty engineered truck stamina is combined with new comfort and ease of handling. Go over the outstanding new features—each one proved under actual operating conditions in years of tests from coast to coast.
