## THE OTHER HALF OF THE HAYING TEAM

### A-C POWER-DRIVEN RAKE

Save the leaves—that's where the real feed is. Raking must be gentle and perfectly timed to match the weather and moisture content of the hay.

The Allis-Chalmers Side Delivery Rake is power take-off driven, with selective speed transmission which provides two forward reel speeds for raking and one reverse for tedding.

Fixed rear wheel and castored front wheel give you true trailing. Clean, easy-to-follow windrows, even around corners or contoured fields.

Here is the modern rake with performance and capacity to match your power mower, and field baler. And there's tandem wheel equipment available for the man that needs it. Stop in and see it.
