Nature rarely provides the pressure to bring well water to the surface. Hence the need for the *Injector*, originated by Jacuzzi and the greatest single pump invention of modern times. Almost like magic it makes your well "artesian"...no moving parts under ground—nothing to lubricate. Then the *Centrifugal Impeller* whisks the water through your pressure tank or pipe lines to provide "Automatic Water" at the turn of the tap. That's Jacuzzi...your best buy in pumps.

VACATION DAZE

Steiners Celebrate Date; HEC Waffles On Sunday

By Mrs. Alice Hickey

BRIGHTWOOD—July brings pleasant memories to Mr. and Mrs. Henry Steiner each year, for on July 2, 1905 they were married at Stafford, Oregon, (in the Oregon City area). Forty-five years passed quickly, says Mr. Steiner, and things have changed during their passing. In 1927 the Steiners moved to Brightwood. He built over 90 homes in the vicinity and remodeled many more. Ten of their 13 children live in different parts of Oregon and are frequent guests at the Steiner home.

Mrs. Peggy Carlson and son Tony have returned from Escondido, California, where they have spent a number of months with Mrs. Carlson's mother. While there Mrs. Carlson had a position with the high school.

Commuter's Picnic

In a chat with Miss Lorena Steiner we learned of an unusual picnic which riders of the Trailways buses have every year—folks that ride back and forth to work, many employed in Portland. Nineteen of them boarded the bus at 7:30, July 9, at Rhododendron with Silver Creek Falls as their destination. These falls are in the Salem area. Eleven of the picnicers made a seven mile hike to get all the way around them. Those who didn't hike played croquet.

This is the third year for Trailways commuters to hold a picnic, and they plan on holding similar gatherings each summer.

The Predmore family, who has been living in Brightwood on Captain Week's property, have moved to Arizona.

Other folks to leave Brightwood are the Wood family. Mrs. Curtis Wood tells us Mr. Wood has purchased a home at Rockaway where he will be employed for some time, and Mrs. Wood and children are moving this weekend.

Mrs. Carrie Whitman, Mr. and Mrs. Tony Filla and their three children were weekend guests at the Dewey Plaster home. With them were Mr. and Mrs. Mark Plaster, of Thermopolis, Wyoming, aunt and uncle of Dewey. The visiting Mr. Plaster is a government trapper.

Mrs. Mabelle Ward, Los Angeles, California, who has spent the past three weeks at the home of her son and daughter-in-law, Mr. and Mrs. Jack Ward, left for her California home Wednesday of last week.

Mrs. J. Richmond tells us her

vacation is thoroughly enjoyable due to the visit of her son, Frank R. Baker at the Richmond home. Frank has just completed a "hitch" in the navy, and has joined the naval reserves.

Dean Anderson is also making the Richmonds his headquarters, and both young men are employed by the Roy Tupper saw mill. If Uncle Sam doesn't change their plans both young men will attend college the coming year.

HEC. Waffles Sunday

Next Sunday, July 23, the Mountain Grange Home Economics committee plans on serving a waffle breakfast and lunch, with bacon, sausage, jam, jelly, honey and beverages. Charges will be according to how many waffles and "fixins" are consumed. If nothing interferes, the ladies will serve from 9:30 a.m. to 2:30 p.m. Everyone is welcome.
