

TANKLESS!

The GOULDS...
Balanced-Flow JET
Self-Contained Water System
for SHALLOW WELLS

The new Goulds Balanced-Flow Jet, with self-adjusting capacity, delivers any demand for water instantly, whether a full stream or a trickle is wanted.

Open two or more faucets in the system at the same time, and you get exactly the volume you want at any outlet, up to the capacity of the pump, in a steady, non-fluctuating stream.

Quiet, trouble-free, self-priming, easy to install. Capacity up to 540 gallons an hour, depending upon suction lift.

Come in and see why this amazing, low-cost water system is the answer to your problem of fresh running water from a shallow well.

Brightwood Takes Sunday Off;
Cub Bear Makes His Public Debut

By Mrs. Alice Hickey

BRIGHTWOOD—Mr. and Mrs. Charles Britton of the Brightwood store took off Sunday to enjoy the day elsewhere. "We don't know where we're going but we're on our way," said Bonnie, as the young couple motored down the highway.

The Kruse summer home grounds, on the banks of the Sandy, were buzzing Sunday with about 75 guests to take part in games and other recreation. Employees of the Kruse motors enjoyed the day.

A new arrival in Brightwood is a brown cub bear. The little fellow is making his home at the museum here, and Mr. Smothers tells us he wasn't too well satisfied with his surroundings for awhile, but is commencing to enjoy folks giving him attention he never had in the forest.

Attend Graham Meets
Vern Crockett has taken Brightwood people several times to Portland to listen to Billy Graham and hear the choir sing. Mr. Crockett has a station wagon.

One morning last week encountered a car, a trailer with a rubber boat and other accessories for fishing. When we looked at the occupants of the car we found Lena, Don and Alex looking fish hungry, on their way to Olallie Lake to take care of the situation. Don told us they had traveled plenty since leaving the tavern and fished everywhere they went. He said Clackamas county was best for angling.

Home Ec Meets
Brightwood Grange Home Economics club met last Wednesday and for the program part

of the meeting discussed and exchanged pickle recipes, sweet, sour, dill and what have you.

Mr. and Mrs. P. Donofrio and their friend, Mrs. Mary Servello, spent the weekend at the Donofrio summer home here.

Rene Beauvais received word of the death of his brother in Montana. He was away a week to attend the funeral and have a short visit with relatives.

Mr. and Mrs. Poole enjoy the ball games held at Fort Barlow and to show their appreciation gave a party for the Hi Ballers at their home Friday of last week.

Mrs. Irene Petrie says summer days are really passing quickly. Before too many weeks Oregon's gentle mist will put an end to ball games and she suggests the ladies and girls meet for practice soon.

We are sorry to learn of the death of Mr. Muldoon's brother in Portland last week. Mr. and Mrs. Muldoon and a number of their neighbors attended the funeral.

Hunters Will Get
Three Week-Ends
Of Deer In 1950

The Oregon State Game commission met Saturday, July 29, after a public hearing, and adopted the final hunting regulations for 1950. A major change was the moving forward of the October 1 deer season opening to September 30. This will allow a Saturday opening and three full week-ends of hunting during the general deer season.

Several areas listed for the two-day hunter's choice deer season were changed. The high desert section east of Bend was eliminated from this season. In addition, all of Hood River county outside the exterior boundaries of the Mt. Hood National forest was opened for the hunter's choice season.

In western Oregon, the hunter's choice open area for deer will include all current established cultivated agricultural lands and adjacent non-cultivated lands within a radius of one mile of these agricultural lands. However, all of Tillamook county and lands within the exterior boundaries of national forests will not be included in the hunter's choice deer season.

Sherman and Wasco counties were removed from the areas open to hunting for Hungarian partridge. The moving of the trapping season opening in Malheur county from November 15 to November 1 completed the changes.

The 1950 hunting regulations in printed form will be available at all Game commission license agencies by the first week of September.

PAYMountain Grange
Meets, Picnic
Planned August 20

BRIGHTWOOD—Mountain Grangers held their August business meeting last Saturday with a good sized crowd. An interesting feature of the evening was a talk given by the Pomona Home Economics chairman, Mrs. Allison who, with Mr. Allison, drove from Molalla. She spoke on the Home Economics work in the Grange, and its aid to the organization. She was presented with a corsage in appreciation.

Mr. and Mrs. Lex were given first and second degree, while Ila, daughter of Mr. and Mrs. Tobey, took the third and fourth. The Home Economics furnished the program, "Mothers of the Grange," with Mrs. Beauvais, as oldest mother and Mrs. Muldoon the youngest. They were given corsages to remind them they were a little different that night.

Mrs. Richmond gave a reading, "Mothers of Men." Refreshments supervised by Mrs. Naomi Blaisdell were watermelon and beverages. In place of the usual third Saturday night for the social meeting, August 19, the Mountain Grange will hold a picnic Sunday, August 20 at Fort Barlow. Other Granges will be invited and a picnic dinner served at 1 o'clock. Plans are in the making for a ball game and races between the fattest and skinniest if they can be persuaded to race.

The New Plymouth Special Suburban

Here is the new Plymouth Special Suburban, a luxurious all-metal utility vehicle which is the latest addition to the Plymouth line of automobiles. It is now being produced and shipped to dealers throughout the country.

Plymouth Announces Production
of Luxurious New Utility Car

Production is under way and shipments are being made to dealers throughout the country of the Plymouth Special Suburban, according to R. C. Somerville, general sales manager of Plymouth Motor Corp.

The Special Suburban is an all-metal utility vehicle with luxury sedan refinements. Patterned along the lines of the DeLuxe Suburban, which Plymouth first introduced in 1949, the new Special Suburban has

retained the styling and utility features which made the DeLuxe Suburban an immediate success. In addition, there are 37 different improvements which add to the car's beauty and comfort.

The exterior of the new car is richly trimmed with chrome and there are many interior refinements. Seat cushions and backs are upholstered in tan Bedford cord; the instrument panel, the windshield garnish moldings and the door

garnish moldings are tan leather grained, and the radio grille is chrome-plated. There are arm rests for both front and rear seats, and assist straps for the rear seats. Appointments throughout the interior have been carefully planned to provide maximum comfort and beauty.

The Special Suburban offers the same three-cars-in-one utility that characterizes the DeLuxe Suburban. It has the riding comfort of a fine sedan, and is easily converted into a roomy cargo carrier.

Compare Field Performance—

and your choice
will be aJOHN DEERE
MODEL "M"

The John Deere Model "M" is a tractor that invites comparison. In usable power, in ease of handling and comfort for the operator, in day-in, day-out economy, in ease of servicing, it offers you extra value.

In the Model "M" you'll find all the fundamental features which have made John Deere 2-cylinder Tractors so successful down through the years—simple, rugged design, proper weight distribution, extra lugging power, and others. Built-in Touch-o-matic hydraulic control, self starter, adjustable air-cushioned seat, adjustable steering wheel, and standing platform are regular features.

A wide variety of Quik-Tatch working tools, four forward speeds, and power take-off are other "M" features you'll appreciate. Plan to see the "M" at work soon; see us for a demonstration.
