The Hillman Minx

SHE HUGS the curves like crazy. Never in this world have you driven such a sure footed car as the Hillman Minx. Balanced from radiator to tail light. The Hillman pulls through slippery going with never a switch or swerve—and does it all as if driving on a dry road!—Not like some big cars that wag their tails on ice and snow. Come in today for a demonstration.

Route 1, Box 352
Eagle Creek, Oregon 5

Sandy Woodchucks

Begin Big Projects

By Dennis Howard
The Sandy Woodchucks had their sixth meeting at the C. C. Chase home on Pleasant street. We were making things from 6 to 8 o'clock on January 28, 1952.

Billy Bennett is making a chicken feeder. Kenneth Caudell is making a set of shelves. Larry Caudell is building a stool and Marvin Farmer has a medicine chest started. Eddy Hoffman, Gary Lane and Dennis Howard are each making a shoe shine rack. Jimmy Lane will make a foot stool. Charles Peak is planning a bird house. Dale Perrin has a plan for a storage box for his electric train. Donald Sheerman is making a telephone stand.

Ace Koch had to miss most of the meeting because he had to go to town to get his glasses fixed. Judd Mills had to stay home because he did not feel well so Dennis Howard made his news report.

We used \$5 worth of pine lumber. There is a little piece of board left but not enough for a whole project.
