SERMON—"Living Above the Tumults of Life." Is it possible for us to live in this world, and not be of it? Jesus teaches us that it is. He took His disciples into an upper room, revealed himself unto them. Do we have an "upper room" in our lives, where we can come into touch with the infinite? It's necessary for Spiritual growth.

How Vital Do You View The Presidential Outcome November 4th?

The answers to this question, personally submitted to a cross-section of responsible citizens without regard for party affiliations, brought forth these definite conclusions:

A twenty year tenure in office by either party was much too long. It has resulted in:

- 1) Pork barrel government employment.
- 2) Jeopardy of the two party system.
- (3) Moral, financial and subversive looseness with the government.
- (4) Inflation and impossibly high taxes.

The purpose of this ad is not to have you vote for any particular political party, but for a man whom I sincerely believe, is the best qualified to fill the office, Dwight D. Eisenhower. Today the choice seems to be between Eisenhower and Truman, as the latter is doing most of the campaigning and the candidate must accept his record. It was only a year ago that Eisenhower was the popular choice of both major political parties. He has served our country to the best of his ability for 40 years and for his achievements and accomplishments has received the highest military awards our great country could bestow upon him. Do you honestly believe that a man of this type of character and patriotism would stoop so low as to incite religious and racial prejudices among our people; and hundreds of other things just as unreasonable? Harry Truman has mentioned that we have never had such good times, but the thing he failed to say was, that our children's children will be paying for these times for many years to come. With the world affairs as they are today, we need a leadership to unite this country against the threats of Communism and also bring the costly Korean war to an end. We sincerely believe Eisenhower would restore dignity to this high office and regain our respect and rightful place among the free nations of the world. Use your rights of an American citizen by voting November 4th.
