Nell's Notes...

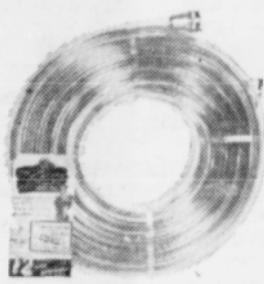

It was a shock to see a sign on Hill-Top saying: "The cook is ill!" but all is well once again. . . . BESSIE ROGAN just full of "get-up-and-go". . . . L. EARL WILSON much improved. . . . Hearl that CURLEY HUDIN is home after his long stay in the hospital. . . . FRANCES NORTH and AGNES REINMUDE did some mountain climbing with reports of the beauty of it all. . . . JO DRIPS entertained the executive board of the Wy-east Garden club. . . . ROSE EVANS and her happy smile. . . . The sad passing of HARRY FRANKS. . . . Down the Welches road goes CHARLES FABRI taking his daughter to catch the school bus. . . . The SMITHSONS will be moving to Welches soon. . . . KISKA, that beautiful dog that belongs to the GENE BOW-MANS went adventuring and was accidentally shut in a neighbor's garage for two days and a night. . . . LORRAINE LYNE and her little pink shoes. . . . DOROTHY MEYER adept with her camera. . . . IDA DARR with that cute MALORY. . . . EILENE LOFGREN looking remarkably lovely. . . . BOB SMITH saying he did not start living until after he was forty. . . . The Col. and Mrs. BELL, headed for California. . . . ELSIE CREIGHTON's wild flower garden a perfect fairy land of blooms. . . . JIM LANGDON making his debut on the BILL DRIPS' TV show. . . . The bear crushed grandma's incinerator flatter than a pancake and grandma wants HELEN STOLL to know that it was not due to her cookies that made the bear so mad at it. . . . JOHNNY LAMBERT is carrying a water-pistol in his car now. . . . DANNY HANSEN is mighty proud of his new bicycle. . . .

As Garage Burned . . .

A few of the on-lookers at the recent fire which destroyed a garage and shed at the Dwayne Vedder residence on Strause street. Fire was believed to have started from sparks from a trash barrel. Damage to homes was slight.

Here Are New Gadgets for Car

Researches of three companies have announced development of new gadgets which can be plugged into a car's cigarette lighter. One is a light bulb attached to a long cord to furnish light for night repairs outside the car—changing tires, etc. This attachment also has a flashing red light to warn approaching traffic. Another is a radiophone designed especially for salesmen who want to talk to their offices. A third makes it possible for motorists to light their path for a minute and a half after leaving the machine. Then the lights turn off automatically.

**We've Come
A Long Way**

...BUT—WE'RE NOT STOPPING YET

At the end of World War II, your telephone company faced tremendous problems caused by shortages of materials, increased demands for service and rising costs. As we pledged to you, we have met these problems with every resource at our command. For example, since January 1, 1946, we have spent over 21 MILLION DOLLARS to improve facilities and to make more telephones available for more people. Here is a brief report on what we have accomplished.

	12/31/45	12/31/52	12/31/53
Telephones in Use	46,729	101,429	110,832
Plant in Service	\$7,838,108	\$21,530,847	\$24,725,122
Number of Employees	635	1,546	1,620
Annual Payroll	\$1,058,949	\$4,734,399	\$5,203,543

We sincerely believe we have come a long way, but we know our task is by no means finished. This year, 1954, we have budgeted an additional \$6,300,000 for more construction. We will continue to improve and expand our facilities as rapidly as our earnings and available capital permit. As we have pledged to you, we will continue our expansion program. We shall continue to provide all our subscribers with telephone service as fine as that available anywhere in the nation.
