

Here and There around The Sandy Area

Grovenor Chapman, 42, Oswego, died Wednesday morning at the Sandy Rest Haven, where he has lived for five years. Funeral arrangements are being handled by Holman-Hankins-Rilance of Oregon City.

Bornstedt Boosters club will meet at noon Thursday, Oct. 21 at the home of Mrs. Charles C. Leathers.

Brenton Vedder left by train Wednesday for Spokane, Wash. to attend the funeral of his sister, Mrs. Eva Barger. Mrs. Barger passed away suddenly Oct. 18. She was 81 years old. Services will be held Thursday, Oct. 21 in Spokane with interment at Colfax, Wash.

Harry Reed was ill the first of the week and unable to be at his shop.

Vernon Elmer reported he had shot his deer at 6 a.m. on opening day of hunting season and had the deer hanging in Lakeview lockers by 9 a.m. It was a two-point and dressed out at 160 pounds. The party was hunting about three miles from Lakeview.

Mrs. Otto Schneewind, with her nephew Warren Mau, returned last week from a visit with her brothers and sister in Minnesota.

A new kitchen is being installed this week at the Dew Drop Inn.

Mr. and Mrs. J. J. Sweeten, former Sandy residents, are now making their home at Hubbard. Their daughter, Jean, who has been ill with a kidney ailment, is reported improving. She hopes to be able to return to her senior high school classes within another four weeks.

Mr. and Mrs. Vance Hewitt, Kelso, and Mrs. Clarence Neiman of Oakridge, were recent dinner guests of the Thomas Caddys at Lusted.

Mr. and Mrs. Tom Hale returned from a 3-day deer hunting trip in the mountains near the Burns area with 2 fine bucks. One was a 210 pound, 4 point, the other a 2 point weighing 100 pounds.

- Stork Club -

Mr. and Mrs. Robert L. Hobba, Zigzag, are parents of a daughter, Elizabeth, born October 4.

Their fifth child, a boy, was born to Mr. and Mrs. Walt Blaisdell of Wemme on Oct. 13 at Portland Osteopathic hospital. The lad weighed 8 pounds, 14 ounces and has been named Douglas.

A son, Marvin Reed, was born September 26 at the Portland Sanitarium to Mr. and Mrs. Jerrel Crone, star route, Sandy.

More Notes By The Wayside

(Continued From Page 4)
(a) Cost of sale.
(b) Cost of publication of notice.
(c) Reasonable cost of feed and care prior to sale.
(d) Cost of transportation of the estray to the point of sale.

The baby has two sisters, Patsy, 6, and Beverly, 3. Grandparents are Mr. and Mrs. Roy Crone, route 2, Sandy, and A. R. King, Gresham.

(e) All costs incurred by the department, including but not limited to the time and mileage of its employes.
(3) In the case of any deficiency in the proceeds of the sale necessary to pay any of the above mentioned costs, such costs shall be paid by the department, except as provided in subsection (1) of this section.
(4) Any balance remaining from the proceeds of sale shall be transmitted to the department which shall deposit them in the

Department of Agriculture Account in the General fund. Proceeds so deposited shall be held in such account for a period of three years subject to claim by the true owner. During such period, the proceeds shall not be subject to the application of the provisions of ORS 291.308 to 291.374. If the true owner fails to establish his right to the proceeds of sale within three years, the proceeds shall be paid to the State Treasurer for deposit in the Irreducible School Fund.

(1953 c. 367-6)
607.336 Title of purchaser at sale. The purchaser of an estray sold as provided herein shall have clear and absolute title to the animal upon receiving a bill of sale from the department.
607.339 Liability of Department. Except for gross negligence the department shall not be liable for the payment of the proceeds of sale or return of the custody of an estray to a person claiming to be the true owner of such estray. (1953 c. 367-13)

Frames Should Reflect the individual personality

Dr. L. W. GRIFFITH
Phone Gresham 217 OPTOMETRIST Gresham, Oregon

When President Eisenhower dedicated McNary dam he paid glowing tribute to "my good friend, Senator Guy Cordon." Can Oregon afford to lose this priceless presidential support by sending a man to the U. S. Senate who would knife the Eisenhower administration at every turn?

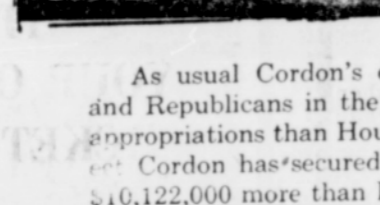

THE DALLES DAM

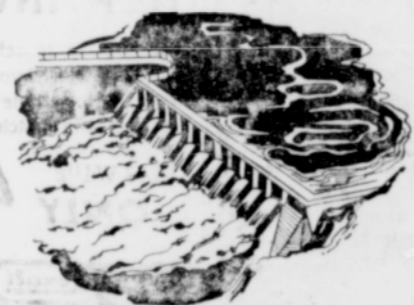

Cordon worked for authorization of The Dalles Dam and got it started during the period of the Democratic no-new-starts policy in 1950—and he has the documents to prove it. Cordon has secured total appropriations of \$92,676,000 which is \$34,426,000 MORE than would have been appropriated had House recommendations prevailed.

CHIEF JOSEPH DAM

As usual Cordon's effectiveness with both Democrats and Republicans in the U. S. Senate made possible larger appropriations than House recommendations. For this project, Cordon has secured a total of \$104,766,000—\$10,122,000 more than House recommendations.

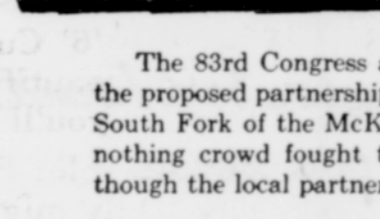

ALBENI FALLS DAM

Cordon introduced legislation to authorize this project and secured funds for its continued construction while the Truman no-new-starts policy was in effect after the House of Representatives had refused to appropriate any funds for that purpose.

COUGAR DAM

The 83rd Congress appropriated \$150,000 for planning the proposed partnership construction of this project on the South Fork of the McKenzie river. The Federal-Power-or-nothing crowd fought the project tooth and toenail even though the local partner was a municipal power district.

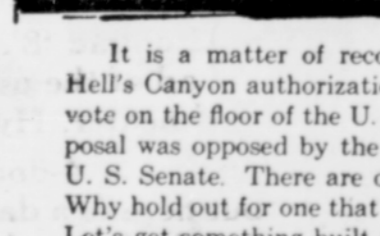

JOHN DAY DAM

The John Day Dam between The Dalles and McNary Dams will cost around \$320,000,000 to build. In the last Congress Cordon introduced a bill to authorize construction of this dam with the local partners, public and private, putting up more than half the cost of the dam in the form of a prepaid power contract (preference going to Oregon) and the federal government retaining 100% ownership of the entire project as a part of the multiple purpose development of the Columbia River Basin.

HELLS CANYON DAM

It is a matter of record that Cordon introduced the only Hell's Canyon authorization attempt which ever came to a clear vote on the floor of the U. S. Senate. At that time Cordon's proposal was opposed by the public-power-or-nothing crowd in the U. S. Senate. There are other suitable dam sites on the Snake. Why hold out for one that the Congress has refused to authorize? Let's get something built and start the generators turning! Re-Elect Cordon!

A VOTE FOR CORDON IS A VOTE FOR THE EISENHOWER PARTNERSHIP PLAN, WHICH MEANS PAYROLLS, PROGRESS & PROSPERITY FOR THE PEOPLE OF THE PACIFIC NORTHWEST!

Not so long ago Cordon's opponent—the New Deal candidate for the U. S. Senate—was all in favor of keeping Hell's Canyon an undeveloped wilderness. Now he wants a dam built entirely by Federal funds provided by the taxpayers of the entire United States—or nothing! If this man has his way, not one additional kilowatt shall we have from the Snake river unless the long-suffering U. S. taxpayer punbles up every penny!

Recently this same State Senator, who now asks the voters to send him to Washington, D. C., jumped up in a meeting at Madras and stated he voted against the proposed Pelton Dam, which would have provided power for Central Oregon and would have been built entirely by private capital without cost to the taxpayers. He was a little confused there because the Pelton Dam proposal never came before the State Senate!

The Cougar dam on the South Fork of the McKenzie river is opposed by the New Deal candidate even though the "partner" in this project is a publicly owned municipal district.

Just what kind of power does this man want? It can't be electric power as such because he opposes everything but all-out Federal ownership.

We'll tell you. He wants a CVA with a stranglehold on the economic development of the Pacific Northwest! And the ultimate dream of the "planners" is a Federal Power Authority to operate nation-wide and control every river resource in the entire U. S.

Fantastic? Not at all. It is all part of a Master Plan. Eisenhower and Cordon say "let's get on with the job of developing the Pacific Northwest. Let's put our natural resources to work creating payrolls and prosperity NOW!" We need all the power we can develop through every source—Federal, Private and Public!

Before you vote, take a good, long look at Cordon's record. In his 10 years in the U. S. Senate he has stepped up Federal funds for water development in this area from 4.7% to 27.5% of all the money appropriated for the entire United States.

Could any freshman Senator do as well—especially one opposed to everything the Eisenhower administration stands for?

Now what's all this guff about low cost Federal power? It's a fairy-tale pure and simple. In many classifications private power companies in Portland, Oregon sell power at lower cost than the TVA, which of course is subsidized by the taxpayers.

What about the Partnership Plan? Does the government pay for the non-income features?

Yes, it does. But then it always has. There's nothing new or different about that. Bonneville, McNary, The Dalles dam—all multi-purpose dams built entirely by Federal funds—charge off a percentage of construction and operating costs to such public benefits as flood control, navigation, conservation and so on. When the New Dealers tell you Bonneville, for instance, is "paying for itself" they are not telling you the whole truth about these "hidden" costs!

Remember, political hot air has never yet produced a kilowatt.

DON'T LET POWER POLITICS STAND IN THE WAY OF OREGON'S FUTURE!

A vote for Cordon is a vote for the Eisenhower Partnership Plan of orderly and comprehensive development of our hydroelectric resources!

On the left we list just a few of the power projects which Cordon has secured or has attempted to secure for the Pacific Northwest. We do not have space to begin to touch on the long list of irrigation projects and rivers and harbors improvement projects which Cordon has secured for Oregon including such projects as Haystack Reservoir in Central Oregon, the Talent project in Southern Oregon, the Coos County and Lincoln County Harbor improvements and several Columbia river navigation improvements, and many, many others.
