New FORD THUNDERBIRD

A personal car of distinction
 ...with Trigger-Torque performance

Something totally fresh is here—a bewitching new all-steel beauty that sets the styling keynote for other Ford cars to come.

friction design. And you can have the Thunderbird with the transmission of your choice—Conventional, Overdrive, or new Speed-Trigger Fordomatic.

But, styling gives the merest hint of what the Thunderbird has to offer. In traffic and on the open road the Thunderbird's Trigger-Torque performance is literally a revelation. Here is hair-trigger response... fleet, liquid agility... backed by a reserve of swift, sure power to meet safety's every demand. Trigger-Torque performance stems from Ford's new Thunderbird Special V-8—a high-torque engine with 4-barrel carburetor, dual exhausts, wide-opening valves and Ford's famous low-

Ford's Ball-Joint Front Suspension, not only velvet-cushions your ride, it also allows the Thunderbird to handle with utmost ease—to corner with greatest stability.

But, more important, the Thunderbird is the product of the same advanced engineering... the same manufacturing skills that have made Ford products so dependable, so value-full and so desirable to so many.

You'll be delighted at the wealth of conveniences the Thunderbird offers. Two tops are available: a disappearing fabric top... and an easy-to-lift-on hard top. The extra-wide vinyl upholstered seat is foam-rubber-cushioned... power-operated 4 ways. Windows roll up... by power, if you like. There is a tachometer... and a clock with a sweep second hand. There is a telescoping steering wheel. And you can have power steering and power brakes.
