

Mt. Pleasant Wins In Midget Game

ESTACADA — Mt. Pleasant swamped Estacada, 16 to 6, in a Midget baseball game here Thursday in the Clackamas county league. The visitors collected 9 hits, while the local boys failed to solve the offerings of Bob McGee, who hurled a three-hitter for Mt. Pleasant. Seven Estacada errors caused the lop-sided scoring spree of the visitors.

Birthday Dinner Feature Of Meet

BRIGHTWOOD — A birthday dinner for all the membership and a few invited guests was an event of the Saturday evening, July 16, meeting of the Mt. Grange. Credit for the lovely birthday cake went to Mrs. Andrew McDonald. The program following the dinner was opened to the public.

The lecturer opened her program with an accordion solo by Marilyn Johns. Mrs. Bessie Rogan as a member of the State civil defense board conducted a civil defense program opening it with a talk by the Queen of the Dirt Daubers, Irene Petrie. She explained how she had earned the title, which is a very honorable one, and indicates that she had been declared expert in the art of building field expediences, especially impromptu stoves, to be used in cases of disaster whenever and wherever needed.

Milton Fox, local civil defense director, told what was being done locally and what is planned for the future.

Hi Jackson, of Oregon City and Clackamas county civil defense director, was main speaker of the evening. He told how civil defense operates and of the immense task they have assumed and explained various operations. He showed film of recent disasters and conditions prevailing at such times. After the program the meet was closed by an accordion solo by Richard Petrie. Jackson brought with him the county rescue car and showed it to those wishing to go through it.

The ladies of the grange will hold a cooked food sale at the Brightwood Grocery on Saturday, July 30.

Another package of old spectacles soon will be sent to 'Eyes for the Needy.' The organization is a charitable enterprise using old glasses to be converted into usable ones for the needy, principally children, in all parts of the United States. Anyone who has a pair of old glasses not being used are asked to send or give them to Mrs. Agnes Stickney, Wemme, or to any member of the Mt. Grange.

Barker's Bugle

Howdy Folks:

The fly that buzzes the loudest usually gets swatted first.

Aunt Effie says that Uncle Homer has a very bad case of hay fever. He yells hey at every pretty girl he sees.

Little boys are sometimes right. We overheard this one the other day in the drug store.

"Mother what is that man yelling for?"

"Why son, he is talking to Portland."

"Then why doesn't he us the telephone?"

Entering the office of a well known local lawyer she asked: "I want to know if I have grounds for a divorce?"

"Are you married?" asked the lawyer.

"Yes" was the answer.

"Then you have."

Bud says that it is not only proper to hold your wife's hand after marriage but quite often it is necessary.

Employer to beautiful blonde who has just filled job application: "Miss Jones under experience could you be just a little more specific than just 'Oh, Boy.'"

A man dashed into the police station. "This is a picture of my wife. She has disappeared. I want you to help me find her."

Desk sergeant looking at picture: "Why?"

Distraught Sandy mother (to group of wild children at birthday party) "There will be a special prize for the one who goes home first."
