Alvin Bakke was called to Lemmon, North Dakota, early last week because of the critical illness of his father, Carl Bakke. His brothers, Arnold and Morvin left by car last Friday morning to be at the bedside of their father. Word was received here this week of the death of the elder Bakke on Tuesday, August 30. Funeral services will be

held at Lemmon on Friday of this week.

Visitors at the home of the John Mettsers last week were Mr. and Mrs. Al Homstad and children of Whittier, California. Mrs. Homstad and Mrs. Mettsger attended school together in California.

Mr. and Mrs. Henry Perret, Mr. and Mrs. Del Jadwin and Mr. and Mrs. Henry Schwartz

and son, Ernest, were members of the group that took the tour sponsored by the Portland General Electric company of their Timothy Meadows and other Clackamas river projects last

Saturday. Lunch was served at Timothy Meadows and coffee was furnished by the company. about 70 people took the tour. The PGE company is sponsoring these tours every Saturday for all employees.

and ALL NECESSARY WIRING and PLUMBING
Pay nothing down!

As little as \$3 a month - right along with your electric bill!

Wow! What a sensational offer! All you do is stop in at your favorite electrical or plumbing contractor or appliance dealer and select a brand new electric water heater. Then . . . PGE WILL FINANCE IT FOR YOU—along with any necessary wiring or plumbing. And, with both an electric range AND an electric water heater in your home you qualify for PGE's "All Electric" rate. What luxury! What sheer pleasure! "Oceans of hot water . . . heated safely, heated electrically." Get the facts, today.

See your favorite appliance dealer, or plumbing or electrical contractor this week!

Portland General Electric Co.

OREGON'S PRIMER ELECTRIC UTILITY

ELECTRIC WATER HEATING IS FASTER

New high-wattage electric water heaters have a hot water recovery action faster than flame-type heaters. No wonder more and more people are going "All Electric."

ELECTRIC WATER HEATING IS SAFER

There's no flame in an electric water heater. The electric elements are safely enclosed within the tank. Also, since flues or vents are unnecessary the heater can be safely and conveniently placed in any section of the house.

ELECTRIC WATER HEATING IS CHEAPER

Having both an electric water heater and range entitles you to PGE's low, low All-Electric rate. Contact your nearest PGE office for full details.
