

Some men never seem to grow old. Always active in thought, always ready to adopt new ideas, they are never chargeable with foginess. Satisfied, yet ever dissatisfied, settled, yet ever unsettled, they always enjoy the best of what is, and are the first to find the best of what will be. —Shakespeare

Concluding the program was two numbers by all the Sandy fathers with occasional audience participation and directed by Mr. Knauss. Miss Harvie accompanied the group singing.

Easy Coins A Quick Profit

Hear 'bout Easy Roberts last Friday? I helped him count his money—both before and after—so believe me, the story's true.

Easy was on the way to the bank to deposit his "cookie jar" savings—exactly \$24.96 in nickels, dimes and quarters. He had them in a paper bag and as we crossed Main Street the bottom fell out.

Money went flying. Passers-by pitched in to help recover the coins. Later on when Easy counted up, he had \$25.05. The "search party" had turned up all of

Easy's money plus ten cents someone else had lost!

From where I sit, I wouldn't want to try this "Easy" way to make money. Usually, it takes time for a bank roll to grow... just as it takes time for a friendship to grow. But by respecting a neighbor's rights—including his right to drink coffee, tea, beer or buttermilk, whichever and whenever he chooses—it's wonderful the solid friendship you can build. You can "bank" on that.
