

# STRENGTHEN AMERICA'S PEACE POWER

## What is Peace Power?

Peace Power is the strength to *keep* the peace, of course. But that's not all.

Peace Power is also the scientist, patiently probing in the laboratory . . . and the kid starting his first awkward experiment at high school.

It's the lean young man in uniform . . . the men in coveralls at the factory . . . and the lone farmer, carving a furrow under open sky.

It's the professor, away "out in space" on the blackboard . . . and his students, following him carefully as acrobats, from one mathematic symbol to another.

It's the diplomats at a conference table, listening hopefully for a key to lasting peace in the translated tongues of many nations . . . men who must be able to talk strong and back it up . . . but whose real job is *peace*.

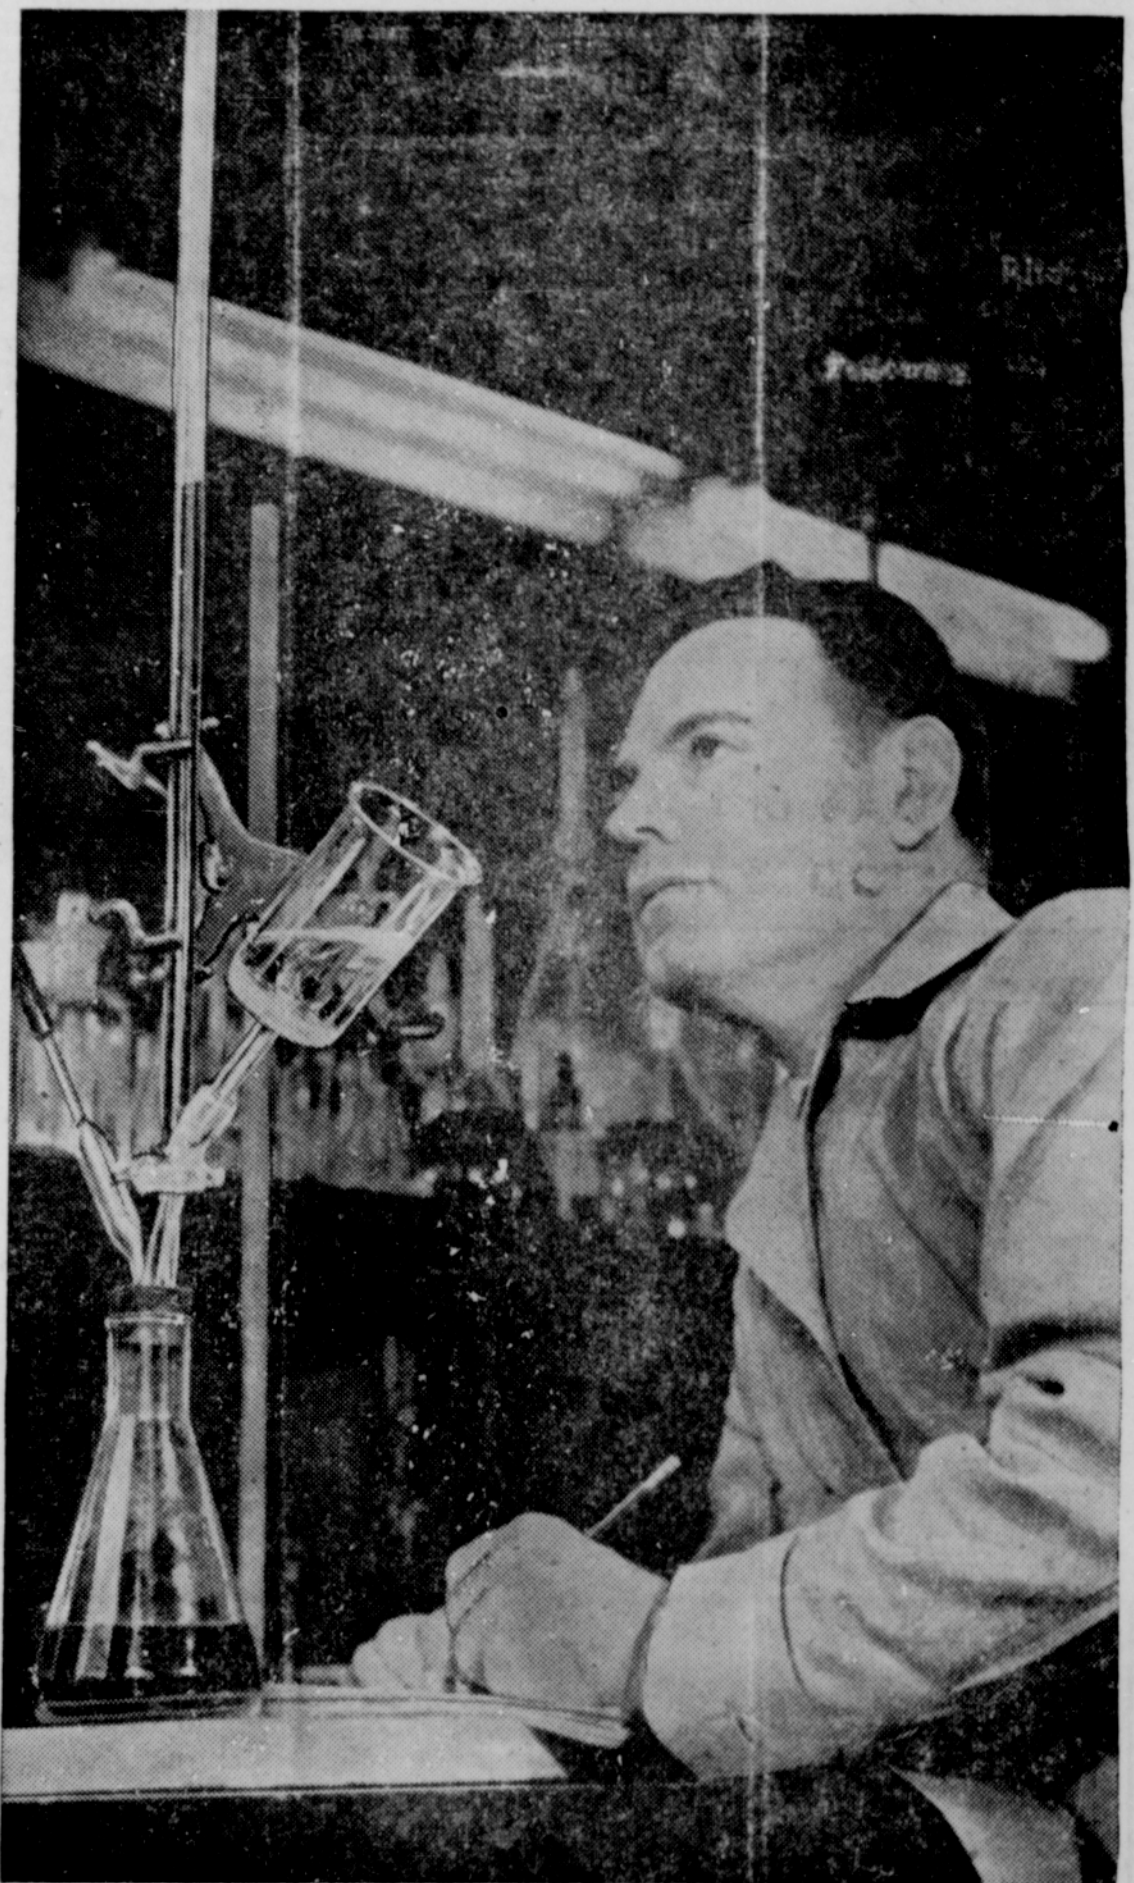

And it's you.

You, too, are Peace Power. Because you *want* peace the way you do. And because you're backing your wanting with money. Peace *costs* money. Money for many different things: To help us *keep the peace*, through industrial and military strength. To help *make it lasting* for the future, through science and education. And, most important, it takes money saved by individuals. Your Savings Bonds, as a direct investment in your country, make you a Partner in the job of strengthening America's Peace Power.

The chart below shows how your Bonds will earn money for you. But the most important thing they earn is Peace.

Think it over. Are you buying as many as you *might*?
