

Opening Set For Agency Here Thurs.

As a formal welcome to a new-comer in the 1959 line of Chevrolets, Richardson Chevrolet will hold an "Open House" in its showroom at Sandy January 22-24.

The debutant is a Bel Air Sport Sedan, whose rakish design and rich appointments promise to make it a favorite

in the automobile industry's most distinctive series of new passenger cars.

Although the Bel Air Sport Sedan has been selected as the star of the special exhibit, Richardson Chevrolet finds still another reason for showroom decorations and ceremonies. The fact that Chevrolet has only recently been able to build up a sufficient stock of display models, he said, gives the "Open House" a double meaning.

"Because of circumstances beyond our control, we did not have a normal variety of body types at the time of the

official announcement of 1959 models last Fall," he explained. "Now we are able to show and demonstrate models that production delays previously restricted."

Introduction of the Bel Air Sport Sedan, or "four-door hardtop" as it is more widely known, was prompted by the enthusiastic public reception of the 1959 sport sedan in the Impala series. Due to the immediate popularity of this styling, the company decided to make a sport sedan available at a lower price. The car has a flat roof with rear window overhang. It is two inches lower than the two Bel Air sedans which originally comprised the series.

The Richardson Chevrolet "Open House" will serve to review the features of the latest Chevrolets, hailed as the most excitingly different of the new model season.

To complement a smart, new exterior design, Chevrolet has incorporated body and chassis refinements that assure safer, more comfortable motoring.

Passenger room has appreciably increased and visibility heightened by the expansion of glass areas. Appearance has as well benefit-

ted by new Acrylic body lacpolishing for as long as three years, which do not require years in normal climates.

Brakes, spring suspensions, steering, automatic transmissions and engines have likewise been advanced. New in power ranks is a Hi-Thrift six cylinder that gives up to 10 per cent more mileage and usable horsepower in normal driving ranges.

In addition to Impala and Bel Air series, the 1959 Chevrolet lineup includes a Biscayne and Station Wagon series and the Corvette, America's only true sport car.

Girl Scouts See Baby In Action

by Diane Root

Brightwood-- The Girls Scouts of Troop 516 are now working on their child care badge. As a requirement for this badge the girls went to Mrs. C. E. Anderson's of Faubion to watch her bathe her baby. Through this badge the girls are learning to be good babysitters.

The troop is planning a Valentine party for February.

The well that made a wish come true

In the 1890's a wish came true at the little town of Tumwater, near Olympia, Washington. Here, flowing cool and clear from deep artesian wells, water of an extraordinary character was discovered. This was water equal to those used in brewing the famous beers of Bavaria . . . water which, in the years ahead, was to be responsible for the popularity of light Olympia Beer. It remains as true in this century as the last: the more perfect the brewing water, the more perfect the brewing result. Olympia's famous water is naturally perfect for brewing just as it flows from the earth . . . creating a beer of refreshingly different good taste.

the one priceless ingredient
