MARMOT...

Mrs. Troxel has returned from the hospital where she is recovering well.

Hans Rathjen has about finished his berry picking of red raspberries and black caps. One day a thousand pounds was picked of red raspberries.

Dr. nad Mrs. Wise will leave soon for the Doctor's assignment to Iran. He will have charge of a large modern hospital there. They expect to be gone for two years.

Coming home from a very delightful trip from camping at Wallowa Lake Park on the sparsely inhabited stretch between Pendleton and Boardman we passed the walking grandmother trudging along in the 100 degree heat. Hats off to an intrepid soul.

From where I sit ... by Joe Marsh

An Apparent Reason

A week ago, Red Roberts' wife gave birth to a baby boy. Naturally, we went to the hospital to see the new arrival.

We found Red standing (and beaming) in front of the nursery window, saying things like "look—he's got my eyes," and "his chin is shaped exactly like the Missus," and "Yessir, that's my boy."

Just then a nurse whispered, "That Johnson baby is cute, isn't he Mr. Roberts? We'll bring yours out in a minute."

From where I sit, once in a while we all jump to conclusions without knowing the facts. For instance, some people are like that about my favorite beverage—beer. They're quick to say that tea or coffee go best at dinnertime... when the fact of the matter is it's simply a question of choice. Intolerance breeds on ignorance—and we ought to know before we "deliver" an opinion on anything.

WHY DO WITHOUT

A LITTLE LUXURY

LIKE THIS...

LET ALONE

THESE BIG CHEVY VIRTUES!

Chevy's the only car of the leading low-priced three that gives you the convenience of crank-operated vent windows. No awkward latches to fumble with... your knuckles and fingernails will appreciate it.

greater roominess

Automobile Manufacturers Association records carry the facts on this. In a Chevy sedan, for example, you've got more front seat head room than all but one of the high-priced cars! And Chevy's front seat hip room spreads up to 5.9 inches wider than comparable cars.

bigger savings

Here's solid proof that Chevrolet squeezes more miles out of a gallon: In the famous Mobilgas Economy Run, two Chevrolet sixes with Powerglide took the first two places in their class. Winning mileage: 22.38 m.p.g. And that, friends, took top honors for Chevy from every full-sized car!

full coil ride

You're the expert on ride, so you'll want to try Chevy's easygoing smoothness for yourself. MOTOR TREND magazine can give you a hint of what you're in for: "... the smoothest, most quiet, softest riding car in its price class." And Full Coil springs, of course, never squeak, never need grease.

higher trade-in

N.A.D.A.* Guide Books prove that your Chevrolet will keep its value. Chevy used car prices last year, for example, averaged up to \$128 higher than comparable models of the other two cars in Chevrolet's field.

*National Automobile Dealers Association.

bigger brakes

Bigger, yes, and built with bonded linings for as much as 66% longer life. And how's this for proof that Chevy's a real stopper: in a NASCAR*-conducted test of repeated stops from highway speeds, Chevrolet outstopped both of the "other two" time after time.

*National Association for Stock Car Advancement and Research.

award-winning engines

The NASCAR Outstanding Achievement award goes to Chevrolet! Chevy wins for "the creation and continuing development of America's most efficient V-type engines... for the establishment of new levels of V8 compactness combined with outstanding smoothness." And you can choose among eight V8's and the Six that won the Mobilgas Economy Run for its class.

fresh styling

POPULAR SCIENCE magazine gave Chevy's styling a thoughtful look, then said it this way: "In its price class, Chevy establishes a new high in daring styling..." You'll find your own happy way of saying that Chevy's the only unmistakably modern car in its class.
