DAMASCUS — Mr. and Mrs. Perry Jones have a 120-foot decorated Christmas tree at their Rev-N-Ride kart park in Damascus.

Under the tree, they have an impressive display of go karts worked out in red lights.

The Jones family is giving two Christmas parties at their Kart park Friday night. The first one, from 7-9 p.m., will be for children with a bon fire, wiener roast, candy and Santa Claus. A party for adults will follow with bonfire, wiener roast and hay rides. Everybody is welcome.

Janet Fosberg, home from Seattle Pacific College for the holidays, will resume her studies Jan. 2.

Group Formed

A group of Damascus businessmen have formed a committee to promote year-round activities. Saturday, Dec. 9, the first of a series of dances was held in the Rohrer's dance hall on Deep Creek road.

The dances will be the kickoff for the summer activities such as were arranged during the 1959 Centennial celebration.

Mr. and Mrs. Vic Souders were chosen to manage publicity for the dances. The group gives special invitation to high school students and their parents to attend. All dances will be chaperoned.

Smokey's Damascus Fronteers were selected to furnish the music for the dancing.

Sponsors include David Weinberg, Garland Wiley, Leland Wiley and Virgil Cris of Portland.

Ronald Leland Thornton and Alice May Gouchjohn exchanged wedding vows in St. Stevens Lutheran church in Milwaukie Dec. 3.

At the following reception in the church parlor, Thornton's grandparents were in the receiving line. Alice May is the daughter of Mr. and Mrs. Russell Allen Gouchjohn of Milwaukie.

Children Request

Tickets, Keys, Books From Zoo

Santa Claus may have his usual requests for dolls, games, cowboy outfits and winter sports equipment, but a check of the concession office at the Portland Zoo reveals Portland youngsters and those living within 25 miles of the zoo have made other requests.

Specifically, an unprecedented number of orders for zoo keys, guide books and railroad passes—good for one year—have been distributed this season.

Orders for the Portland Zoo Railway passes, which cost \$5 and are good for unlimited rides on the Zoo Railway, have exceeded any in previous years.

Portland and Oregon youngsters, it seems, like to ride the Zoo Railway route.

Guide books, illustrated in color, are available as gifts for a child's stocking. They cost 50 cents. Zoo keys, which open the sound boxes in front of all animal and bird cages, also cost 50 cents. The Portland Zoo, it seems, is becoming more and more a children's delight—which was the purpose of building it in the first place.

The Country Cut-ups Square Dancing club had a Christmas party Sunday afternoon in the clubhouse. Santa Claus, drawn in a jingling cart by a beautiful little colt that looked like that of the Wilbur Shutes family visited the children and gave out surprises.

Nell's Notes
 By NELL HOWE
 Hood-Land Reporter

The wind blew and trees fell down all over the place. It rained, sleeted and snowed. Lights off for hours and hours. What a lovely weekend.

The Gaulkes with a tree across their house, the Lionbergers with two trees over theirs. Probably many many more, frankly I haven't been out driving around to see.

The Lolo Pass road with many trees across it, Monday, Faubion was still without lights, and that is too long, from Saturday night till Monday.

I can remember the power company telling all us gullible folk, that when they ran this new line up here that it would do away with so many power outages. Since that time the lights have been out more than ever.

Another thing I fail to understand is when the lights are out for some period of time that month my light bill is larger than it has ever been. Several people have told me the same thing. Guess I will have to do a bit of sleuthing about all these things.

Ray Leaf had surgery on Monday morning. No report on this writing as it is Monday, but we all wish him a very speedy recovery.

Karen Ness off to Honolulu to stay with her brother Gary and family. Gary's wife is expecting in January and Karen is going over to help his wife with the house and their other wee one. What a big thrill, that first plane flight, and to go to the Islands. Bet Rusty and Blanche have trouble talking her back home.

If you want to see a picture of the proudest man on the mountain, or anywhere else for that matter, get a glimpse of Cecelio in his new car. There is no thrill bigger than the first new car, not only has he a new car but he has enrolled at Portland State for an Art course. With his talent he will probably be teaching them. Don't wear that car out too soon, Cecelio.

The many friends of Colleen Dolp gave a farewell party for her at the golf club. Colleen is leaving for New York to study ballet. We wish her the very best, and know with her talent that she will make a success of her career.

Local government officials and community leaders of Clackamas, Linn and Marion counties were invited to Salem Dec. 19 to learn the nature and objectives of the national fallout shelter survey and marking program ordered by President Kennedy.

They will hear representatives of the Department of Defense, the Portland District Office of the U.S. Army Corps of Engineers, Clark and Groff, Engineers (the firm negotiating the contract to make the survey in this area) and the State Civil Defense agency explain the program and suggest ways in which the local and county governments may assist.

Clackamas, Linn and Marion counties are the first in Oregon to begin the survey. After the first of the year, 25 other county surveys will get under way, preceded by regional meetings scheduled for the week of Jan. 4 through 11.
