BORING — New chief Dee Wescott was installed at a meeting of the Boring volunteer fire department last week in the fire hall.

Also taking office for the 1963 season were Assistant Chiefs Heston Webb and Robert Rykken, Captains Larry Rykken, Charles Zulauf, Elbert Davis and Dewey Davis. First Aid Captain Jay Wescott will serve for another year. Fire Marshal Ollie Peterson was present for the ceremony. It was announced that a total of 6400 man hours had been donated by the volunteers in

1962. The men responded to 118 calls during the year, including 46 first aid calls.

Lyle Buxton, former fire chief now living in Estacada area, and Mrs. Buxton stopped in at the Boring fire hall for a visit last week.

By last week, Mrs. Arno Ritter had not yet returned to work and was recuperating from surgery.

Mr. and Mrs. Gordon Burris of Grants Pass spent a week-end this month with the Matt Shields, and toured the Lloyd Center for the first time. The Burisses were in the Shields'

wedding party some years ago, and teach in Grants Pass.

The Matt Shields visited Mr. and Mrs. Ray Northcutt of Vancouver a week ago Sunday and heard them sing in the combined Council of Churches choir presenting "The Messiah." Afterwards, the Boring couple had dinner at the Northcutt home and spent the evening with them.

Mr. and Mrs. Shields had as New Year's guests her brother and his family, Mr. and Mrs. Norman Howard of Salem, Mr. and Mrs. Don Howard, Don Jr. and Sherri, Mr.

and Mrs. Fred Gehring, Michael and Leann, and Mrs. Shields' mother and her husband, Mr. and Mrs. S. W. Shutes.

Mrs. Mervel Adamson is home recuperating after surgery last week.

Mrs. Byrdette Byrd was still undergoing observation at the hospital last week.

Mrs. Helen Irwin returned recently after spending a week at Tacoma with her daughter, Martha, who is a nurse. She visited friends in Tacoma and in Seattle, where she lived for a number of years.

Members of the Helping Hands club observed the organization's 25th anniversary Wednesday with a luncheon in the Eastmont Lanes' dining room.

MILK PRODUCTION

Cows in good condition at calving time have been known to give 25 per cent more milk than cows in poor condition. Missouri investigators have found. One of the best ways to make sure of this is to let them have access to trace mineralized salt during dry periods.
