The danger of skids is not past. If you should hit or be hit by another car, your best injury preventative is seat belts. The Portland Traffic Safety Commission points out that injuries are caused by being thrown about within your car.

Our Golden Anniversary ... Plus Two

Next Thursday, Jan. 31, marks our 52nd anniversary. The officers and staff of the Clackamas County Bank want to issue a most sincere "Thank You" to everyone who has helped make this possible. For without the support of our friends in the Sandy area, the steady growth we've experienced never would have taken place. A bank is

more than just a column of debits and credits, a bunch of figures. It represents collectively the hopes and aspirations, the past, present and future of a whole area. We're ever mindful of the confidence and trust imposed upon us by our depositors. Again ... thank you.
