

UP and DOWN the MOUNTAIN

By JOE KIEFER

Those who wonder what I write on a column a week for the Sandy Post might be interested in my other activities. First of all I write this column. If you think it's a cinch try it, week after week for a year or two.

It's not true I do not have a ghost writer. I live in Rhododendron and work for a large hotel supply company in Milwaukie. I drive the distance of 75 miles a day, five days a week.

During the skiing season I work on week ends at Summit for my friend Everett Darr and love it. A pretty busy man you might say. "When do you sleep?" But I wouldn't trade my jobs with any of that stalwart crew who spent their spare time on the davenport and dream of the things they should do or would like to do.

As predicted the current hiking craze is turning into a craze. Leapfrog Grace Oh boy! Now it's a 30 mile leapfrogging race. This may be all clean fun for our youngsters, but none of this monkey business for old Up and Down. I have too many dang irons in the fire now.

Someone told me Al Gren-walt was driving along one of our highways and as he came around a curve a couple of hundred kids on one of those bunion derbies had the road blocked. Al stuck his head out the window of his car, and shouted "Get off the road — you crazy Democrats!"

I haven't had any luck in getting Elmer Hanson, some times called "Grizzly Ike," to write about his lovable pet Maggie.

So I guess I'll "Take the bull by the horns" and do it myself. Gosh, I just hate to remind you, but the time is here again "Uncle's payday." One thing the boys of the Internal Revenue Service do — they keep politics out of it.

They never ask whether you're a Democrat or a Republican before they take you to the cleaners. I have nothing against millionaire presidents but I would like to see the day when other people could be millionaires, too.

Wants Sense Made I'm going to propose a constitutional amendment, that any decision by our supreme court make sense. Remember the good old days when you could get a nourishing three-course political dinner for only one hundred bucks.

In most of our large cities, it is celebrated by the Irish national societies and other citizens of Irish birth and blood ties. A DAY OF MEMORIES By Katherine Edelman St. Patrick's day brings memories

I see the old home place The friendly row of Hawthorne trees My mother's sainted face My father picking shamrocks in the field before the door And my bitter tears are falling for the days that are no more St. Patrick's day brings memories of a crooked little lane Where bluebells peeped through grasses all wet with dew and rain.

Of a singing stream that wandered through meadows sweet and green And my lonesome heart is crying for the miles that lie between. I am longing for the things I lightly left behind The linnets singing in the hedge The friends so true and kind. The peace of little sheltered field. The peat fire's ruddy glow For all the dear remembered things I used to love and know.

Spring Due With the first day of spring March 22, a lot of you are making vacation plans. This Irishman shall spend his vacation in his own backyard, so my friends will know the kind of person I really am — sensitive, imaginative, home-loving and broke.

They say it's no disgrace to be broke, but all I can say is, it's dog-gone unhandy around the first of each month when those you-owe-me's come in.

Each Semifinalist will be asked to take a second examination. Those who repeat their high performance will become Finalists in the Merit Program.

some people I have known. I'm sure it would be banned in Boston, making it one of the best sellers.

I have been told whenever my boss lady Dorothy is down in the dumps she gets herself a new hat. Now I know where she gets them. For this I'll get the DCM which means "Don't Come Monday."

St. Patrick's Day Saint Patrick's day is near — a great day for the "Wear-ers of the Green." It is impossible to say when the 17th of March in each year began to be set aside as St. Patrick's Day and observed as a popular holiday of Ireland.

But whatever may have started it there can be little doubt that the day is a national holiday in Ireland and is observed with much enthusiasm and that it renews and intensifies the patriotism of the Irish.

Many students who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the test. Some 13,000 semifinalists, the highest scorers in each state, will be named early next fall. Names of semifinalists are published in a booklet which is distributed to all colleges and to other sources of financial aid for undergraduates.

Further, their names and test scores are sent to the colleges they express an interest in attending as their first or second choices. The order of preference is not shown.

Special wards An additional 35,000 students, selected on a national basis, receive letters of Commendation for their high performances on the qualifying test. These students are considered for special awards made through the Merit Corporation, and their names and test scores are also sent to their first and second-choice colleges.

24 SUHS Students Take Merit Scholarship Tests

As many as 24 students at Sandy high school plan to take the 1963 National Merit Scholarship qualifying test, David Wienecke, principal, announced today.

The test will be administered at the school library beginning at 8:30 a.m. Tuesday, March 25. All students who wish to be considered for Merit Scholarships to be awarded in 1964 will take the test at that time.

The qualifying test is a three hour and 37 minute examination of educational development. The test is the first step in the ninth annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, associations, unions, and individuals.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. In 1962, 1041 Merit Scholarships were awarded; 632 were provided by 151 sponsors and 409 by the Merit Corporation. There are 3400 Merit Scholars attending 403 colleges in the current academic year.

Test Indicative The test scores of students who are examined in March will be reported to their schools before May 15. The scores are used by Charles Adams, Guidance Director, to help students make decisions about college attendance and field of study.

Each Semifinalist will be asked to take a second examination. Those who repeat their high performance will become Finalists in the Merit Program.

Winners of Merit Scholarships will be selected from the Finalist group on the basis of school records and recommendations, test scores, extracurricular activities, leadership ability, and accomplishments outside the classroom.

Each Finalist is awarded a Certificate of Merit attesting to his outstanding performance. COUNTY NURSE MEET Clackamas County Nurses, District 1, Oregon Nurses Assn., will meet on Monday, March 25, 7:30 p.m., Seid's Restaurant, Main St., Oregon City. Guest speaker will be Dr. Merritt Linn, M.D., resident doctor in ophthalmology at Good Samaritan hospital, Portland.

Senate Ousts Ambulance Law

The Senate voted 29-1 to repeal the highly controversial law providing for regulation of ambulances. The bill, which passed the House earlier, went to the governor for his signature.

The law brought protests from many small communities such as Sandy, whose officials said it would eliminate the city ambulance service the areas have relied on. The House highways committee, meanwhile, has been holding hearings in an effort to draft a more acceptable law.

Mark Salsbury laughs as he sits on new examining table in one of three doctor's offices at St. Jude's Nursing Home. Mark enjoyed visiting the new doctor's offices, mainly because there were no doctors on hand and he was feeling mighty healthy.

LETTER BOX

To The Editor: Just how ridiculous can our Legislature get? What is the IQ of the people we sent to Salem to represent us? Many serious problems are facing our Representatives, and they are wasting their time and taxpayers money with such things as the "Bar-Maid" Bill and yielding to pressure of the metropolitan retailers group with this astinine H.B. 1256 or Sunday Closing.

If rumors and reports are correct, we, of Clackamas county certainly have nothing to be proud of; our elected representatives seem to show as little, if not less sense than the retailers group.

Contrary to arguments put forth and to make it look a little more plausible, this bill not protect or do anything for the public or the consumer, but is pure and simple discriminatory legislation for the benefit of the retailers group. It will wreck resort and recreation areas and ruin our tourist industry, which is the

third largest in our State's economy. Did any peanut-brain in Salem give this any thought? Personally I doubt if they have the ability for that. They have the ability however to fall in line with a pressure group to push such discriminatory legislation and attempt to take away the rights of the Public as to When and Where to do their shopping.

Let our 4 representatives and 2 senators apply themselves to real problems facing our State and quit making a fool of themselves for the benefit of pressure groups and destroying one of our largest industries.

May I ask, Mr. Editor, that your esteemed publication show the names of our Representatives' voting for and against this H.B. 1256.

Yours truly,
R. W. Strubel
