Forest Service Will Charge Fee at Some Camps

Ticket vending machines for collection of a service fee will be in operation this summer at 30 of the 850 campgrounds in the National Forests of the Pacific Northwest Region (Oregon and Washington).

The 30 sites include about 1,450 family camping units. Picnicking, boat launching, and other day-use activities at these sites remain free of charge.

The U.S. Forest Service has furnished free recreation facilities at campgrounds and picnic sites for many years. But as facilities are improved and demands increase, it is probable that charges will be required for use of many of the developed sites, according to J. Herbert Stone, Regional Forester.

New facilities — roads, toilets, etc. — are being installed at campgrounds, including many of those which will carry the \$1 service charge this summer. Such construction and the job of installing ticket machines may affect the beginning dates for this year's charge program.

A listing of the campgrounds involved and the periods during which charges will be in effect will be announced soon.

The Damascus Grange home ec club will meet Tuesday April 2 with potluck dinner at noon.

C. W. Gorrell reports that more equipment must be used on the district water well.

Water has been located but the amount cannot be determined until sand can be cleaned out of the well. The nature of the ground structure is such that drilling could not progress.

At Damascus— Women Invited To Craft Class

By MRS. LOUISE MAYER

DAMASCUS — Mrs. Viola Lake's hobby craft class meets the first and third Tuesdays of the month.

The next meeting will be held April 2 in the Gresham Co-op building upstairs.

Bring your lunch, coffee will be furnished. Among the specialties for the day are Easter eggs. Lessons are also on candle making, smoking, knitting and pillow making.

The Damascus Grange home ec club will meet Tuesday April 2 with potluck dinner at noon.

C. W. Gorrell reports that more equipment must be used on the district water well.

Water has been located but the amount cannot be determined until sand can be cleaned out of the well. The nature of the ground structure is such that drilling could not progress.

New SUHS Plans Designed for 999

BY CHARLES CROSTON

The plans being considered for expanding Sandy union high school will provide teacher stations for 37 teachers and 999 students. This is figuring our teacher-pupil ratio at 1 to 27.

The new classroom wing of 11 classrooms, with an additional four being bid on as an alternate, is being designed to run just north of the present new wing and Administration Bldg. The new building will be of single story construction.

The architect is trying to design it so it will tie in with and match the present buildings as closely as possible. He has designed a sun screen that will fit over the present south windows on the existing Administration Bldg., and the new wing.

This will help control classroom temperatures in the late spring and early fall. The temperature rises to such a high degree that it is almost impossible to conduct a high level academic program in these classrooms.

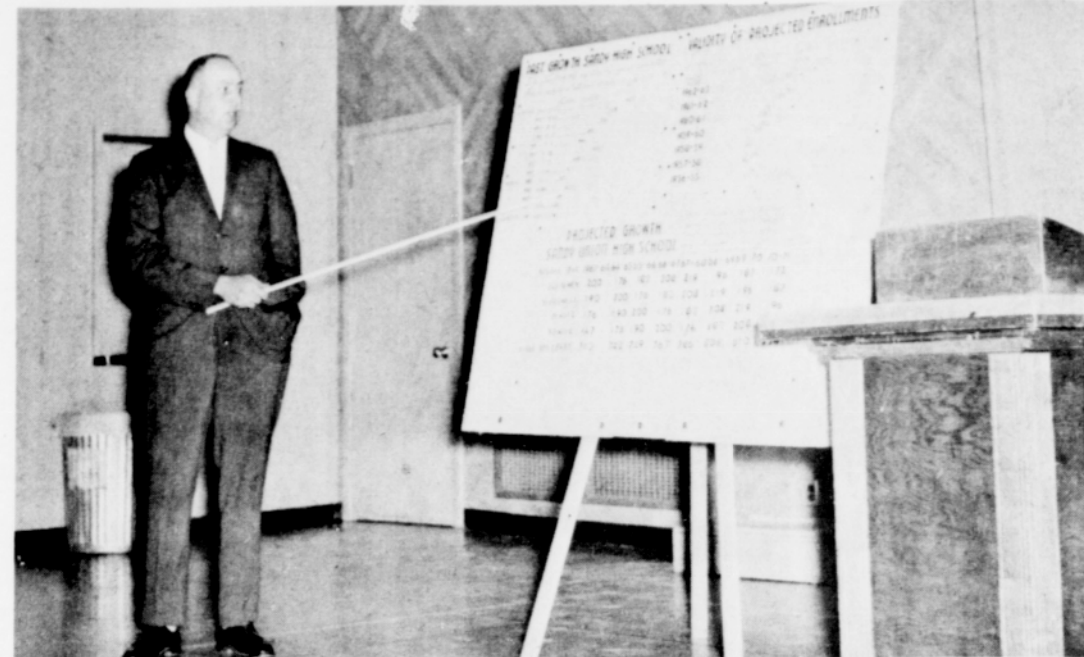

The present out-dated Pioneer Bldg., which contains nine classrooms, a library, the counseling office and the wrestling practice gymnasium will be torn down.

Gym Seats 1397
A new gymnasium, at the present time designed to seat 1397 people, will be built just west of the present gymnasium. This will tie into the present gymnasium to the west wall of the present gym and will become the east wall of the new gym.

The new proposed gymnasium will be built so that a balcony can be added on the west side of the new gymnasium when additional seating is needed. This will raise the gymnasium seating capacity by approximately an additional 770 seats.

The portion of the west wall of the new gymnasium needed for this balcony will be built with knock out blocks to help reduce the cost when the balcony is built in the future.

The administration offices will be built attached to the lobby on the south side of the

new gymnasium. These will consist of office space for the superintendent, principal and clerk. There will also be a conference room.

The library will be built on the ground floor. We will use part of the space, which at present is used as a classroom, in the southwest part of the Administration Bldg. and extend it south by new construction.

The counseling center will be built with the rest of the area in the southwest corner of the existing building which will not be used for the library. The center will include the area presently used for athletic storage and the classroom now used for boys' health classes. This is just west of the present homemaker clothing classroom.

Shower Rooms

The present boys' shower and dressing room will be renovated completely as needed, and used as the new girls' shower and dressing rooms. The girls will have their physical education classes in the present main gymnasium in the Administration Bldg.

The present woodshop area will be renovated and used as the boys' shower and dressing

room. A new woodshop shop and mechanical drawing room will be built at the east end of the storage building that is north of the present Administration Bldg.

The homemaker sewing and the cooking rooms will be rebuilt to meet modern specifications. The present girls' dressing and shower rooms will be renovated as an arts and crafts classroom.

Instrumental Room

The present stage in the cafeteria will be used as the instrumental classroom. Appropriate storage will be built around this area so that all

instruments and uniforms can be properly put away at the end of each class period.

We will expand the cafeteria kitchen to the south, and into the present area occupied by the hallway to the west exit, and use part of the classroom just to the south of this hallway. The faculty lounge and dining room will be built in the space left from the classroom and the apparatus room.

The development of physical education and athletic fields on the new land purchased by the school district will be developed to the extent of funds available.

Here's New Sandy High Budget

Schedule I ESTIMATED RECEIPTS AND BEGINNING CASH BALANCE July 1, 1963, to June 30, 1964.
