Voters Do Think!

Residents of the city of Sandy came through with flying colors in the last civic election on May 15. Water meters and fire consolidation were passed by large majorities.

All of which proves that American voters, presented with a problem that has been adequately explained, generally do the right thing.

Communication, in this case as in many others, was the stumbling block. When the water meter and fire district consolidation situations were presented in an understandable manner, the public reacted intelligently.

When measures are placed before the public in legal gobble-de-gook, a good many of us vote 'against' when we meant to vote 'for.'

In this election Sandy has made two great leaps forward. It has established an equitable manner of distributing water and it has advanced its fire protection facilities at minimum expense to the taxpayer.

Mayor Mike Paluck has been instrumental in fostering both of these advancements. He is to be congratulated on the success of this vote. Sometimes his is a thankless job—this trying to make people vote to save their own money.

He has worked tirelessly with the able and constant assistance of city clerk and the council to get these measures approved by the people.

The Post sincerely hopes that Mike will be with us for a long time in his present administrative capacity.

AT SANDY ELEMENTARY SCHOOL

THE BANQUET
by Connie Berger

Last Friday about 5:30 p.m. excited 8th grade students began arriving at the school for their graduation banquet. Everyone was radiantly dressed in his best from the boys' sleek suits to the girls' frills and ruffles.

The 7th graders had done some very effective decoration with class colors of coral and gold. The air was filled with excitement as we ate the meals prepared by our cafeteria cooks and served by 8th and 7th grade waitresses.

After the wonderful meal, topped by a strawberry sundae, the program began, which consisted of the reading of the class history, will, and prophecy. The program was light and gay, but ended on a quieter, melancholy note as we realized our grade school days will soon be only warm, lasting memories.

May 13 we had our third track meet of the season. The score for the 7th grade was Oregon City, 63; Tigard, 42; and Sandy, 18. The score for the 8th grade was Oregon City, 66; Sandy, 33; and Tigard, 19.

FOURTH GRADE FIELD TRIP

The four fourth grades went on their annual field trip May 14. After a tour of Franz Bakery, they were fed fresh bread and butter in the dining room, and each student was given a package of hamburger buns, and a pen. Near Montgomery Wards they visited the large log cabin which was built in 1905 for the Lewis and Clark Centennial.

This contains many items of historical interest. They also toured Swan Island where they saw the ship that had lost its oil, killing clams and other sea life. They saw repairs being made on a ship that had lost a load of lumber.

GIRLS' SPORTS

by Marilyn Madison and Carol Moore

May 13th we had a softball game with Gresham which we won 18-7! We hope by the time this is printed the weather will have permitted us to play Corbett on Tues-

day.
On Saturday, May 23, we will go to an all-day track meet at Gresham.

MRS. BEEHLER'S ROOM RECEIVES LETTERS

Our room has been receiving many answers to the letters we wrote for English class. Each one of us chose a different city in the United States and then wrote to a fourth grade class in that city. Dennis Lake received 29 letters from Wilbur, Washington, Jane McKinnis got 30 from Evans City, Pa., and Tom Benschoff received 31 from Green Bay Wis. Some letters have come from Texas, Indiana, Florida, Ohio, and North Carolina.

Mike Craig received a letter from several students in Homer, Alaska and the teacher wrote too telling about the earthquake. David Levan's letter came from Wailua, Hawaii. We are now answering some of these to practice using verbs we have studied in English.

ROOM NEWS

The children in Mrs. Ellis's room have read 1,105 library books this school year for outside reading credit. The child who reads widely at home has a distinct advantage over the others. Creating a love of good literature is our goal.

Mr. Buroker's class made flowers from construction paper and put faces on them. They played a softball game with Miss Proett's room and lost 10 to 1.

Mrs. Woodward's 7th grade English classes gave demonstrations last week. Sue Culp brought her chihuahua to demonstrate how they should be handled. Chuck Moody brought his horse to show how to bridle and saddle a horse.

Judy, Dale, and Janice Culp went to Albuquerque, New Mexico, because of their grandfather's illness. They will be gone the rest of the school year.

New pupils are Carl and Rodney Keen from Newberg and Gene and Valerie Lanford from Murry City, Utah.

The second grade field trip was this week, one room on each of the first four days. The fifth grade had theirs on Wednesday and the 8th grade today, Thursday.

There was installation of officers at PTA Tuesday. The program was a talent show, and refreshments were served by first grade mothers.

MRS. ALLEN HURT

Mrs. Ray Allen, Sandy, slipped at her home in Sandy last Thursday breaking her ankle. She is confined to her home where she is recuperating.

American Legion Sponsors Pair

The Sandy American Legion Post #127 is sponsoring two boys for Boys State this summer, Kenneth G. Ence and Landon Asakawa. At the last legion meeting \$20 was voted for the Little League baseball equipment.

Monday May 18, they put up a new flag pole at Cliffside cemetery.

Flag Day is June 14. The Legion would like to announce that throughout the nation it is working with dry cleaning establishments to encourage the display of presentable flags. Mike Paluck, owner of the Mt. Hood Cleaners, will

clean anyone's flag without charge during the first 12 days of June.
