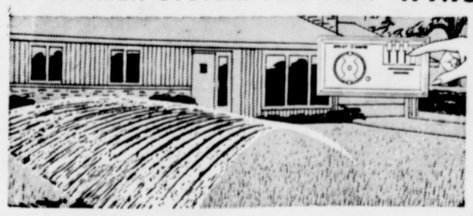
NOW! AN AUTOMATIC UNDERGROUND SPRINKLER SYSTEM FOR ONLY $179.95



Install it yourself in a weekend.
Everything you need to automatically sprinkle up to 50' x 150' of turf comes in Toro's new Moist O'Matic system. Installation's easy; only 3 runs of pipe required.
Or have it installed . . . for hundreds of dollars less than you would pay for an ordinary system.
New Toro wave sprinkler sprinkles an area as large as 50' x 50', 3 included in basic system . . . sprinkle up to 7500 sq. ft. of lawn.
Works like a clock radio. Electric control center works automatically . . . turns system on and off at any preset watering time.
Saves water, builds turf. Moist O'Matic never under-waters, never over-waters. Remarkable new sprinklers apply just ⅓ inch of water per hour, the rate recommended by lawn experts.
Low-cost accessory kits. For out-of-the-way areas you may not reach with the basic system. One optional kit ideal for small, confined areas of grass, for shrubs and delicate plants. Second kit includes wave sprinkler plus everything you need to cover an additional 2500 sq. ft. of lawn.
