

"Making the Sandy Scene"

Kathleen O'Brien

So many of us read about big prizes offered in contests hopefully send in the coupons, and that is the end of the matter. Nadine York of Sandy was one of the lucky ones whose story continued. Some months ago, she signed up for a sweepstakes sponsored by the Northern Tissue Company advertised in a magazine. She was one of the lucky winners of an oil painting of any member of her family. She just recently received her prize, an 11 x 14 oil portrait of her daughter, Carol, now a sophomore. Nadine mentioned that her husband, Richard, had won a Frigidaire refrigerator in an anniversary drawing in Gresham several years ago, when the Yorks lived in Boring, but she added: "I always said that if I put all the tickets in a drawing except one, it would be that other ticket that would be drawn. I never have been very lucky." Well, this time she was. . . Let this be a lesson, there is still hope for the rest of us who feel "unlucky" -- luck can change!

Speaking of luck, here are the winners of last Saturday's drawings at Williams' Thriftway: R. T. Flemming - the milk stove; Beulah Bakke - the frozen food supply; Peggy Pfeiffer - the blanket.

Noticed one of the local stores had a sale on "3-legged chickens"???

Married in a morning ceremony last Friday were Don J. Smith and Gladys M. Shelby, both of Multnomah County. The bride had a white orchid corsage on her white suit. Judge George Howeller performed the double-ring ceremony.

Arlene Mills mentioned that her daughter, Chicki, is now nursing full-time since her husband, Lyle Buswell, has become a full-time student at Portland State. Lyle is taking courses in business administration.

Mr. and Mrs. Miles Drum celebrated a wedding anniversary on Jan. 19th. . . Our Congratulations!

January 19th was a birthday

CALL EVENINGS

for Sara Berger, Karen Hines, Lois Popelka and Merle Martin.

Thanks to a tip from Hazel Lamb, I phoned the home of Gus and Clara Hiebert at 2715 N. E. 43rd in Portland, and learned current news of their sons: David has finished his fourth year at Reed College, where he majored in Economics, and was a member of the Young Republicans Club. Although David still has two hours more credit for graduation requirements, his future plans include post-graduate work at Willamette and a career in law. To raise funds enabling him to further his education, David is now employed as a journeyman at Gunderson Bros. in Portland. Steve is a junior at Grant High, and he spends weekends and extra hours working at the Oyster Bar. "Jeep" (Gustave Jr.) is 12 and in the 7th grade. Fritz "the terror of the Universe" is 4 and "very active".

Gus Hiebert is an instructor at the Portland Air Base with the Reserve unit of the National Guards. "Our home is in Sandy," he remarked, "and as soon as I am finished this job, I will be out there cutting ferns like everyone else."

Seen in Passing: Phyllis Rader looking at the oil paintings in the window of the Treasure Chest. . . a voting machine on display in Piggy Wiggly's. . . Gary Major driving his new "G.T.O." automobile. . . Mike Persons and Michael Craig having birthdays last Sunday. . . The High School Pep Band and the Pionaires going to Cottrell last Tuesday. . . Ann Marie Haneberg ready to take off travelling after reading of David Rowley's recent trip. . . Ave and Ginny Brewster preparing for their big Grand Opening. . . Katherine Leach mentioning that benefits from the Eastern Star's Estaral Fund have aided two former Sandys.

Don Livesay (former pastor at the Sandy Presbyterian), and Roy and Ruth Dorman's daughter, Sandra. . . funds were given to further religious education. . .

Married in Sandy last Saturday, Jan. 23rd, were Jewel Don Culp of Sandy and Juda Kay Sawyer of Gresham. Judge George Howeller performed the ceremony.

Heard from Mrs. Leola Brockway that her son, Joe, won two trophies for sky-diving the weekend of Jan. 15-16. One of the trophies was for First Place! Several times Joe has

tried out for the Olympics. Another Sandy incident -- seems a 4-door sedan was observed parked on the wrong side of the street near the grade school recently. The viewer, seeing where it was parked, wasn't too surprised to see the car had earlier received dented front and rear fenders, and seemed a bit "accident-prone". Closer observation brought amusement -- seems the top of the car was painted white, but just where the car had been dented, the paint was coincidentally a combination of black and blue! Who said cars aren't sensitive??!!

Was talking to Ken Burdick the other day and. . . a band is in the making! Seems a Mrs. Cansler plays honky-tonk piano, and when the band idea was brought up at a recent meeting of the firemen, interest was aroused. Dean Wessellink mentioned he used to play the drums (but he needs a drum to use). Cliff Davis would play baritone (if he had a horn). Wayne Koch can play the trumpet and Bob Rice would make music with a flute, or saxophone (tenor or alto). Seems Estacada's Fire Chief, Rudy Sagner, mentioned he would be glad to bring his flute and join, if he was needed. So. . . there is a start, with some problems -- seems they have musicians without instruments and instruments without musicians. . . Can YOU help? Rumors travelling around mention others in this area who do play instruments and might care to join; members of the Caba family, Jess Hite on his drums, Mike Lamb, a Mr. Amstad. . . ? Ken Burdick promises "If we get a band, we will have a dancel!"

And. . . speaking of bands and music -- another incident worth mentioning:

Edison and Dorothy Mills are home again following their second recent trip to Winnemucca, Nevada. On their first trip a few weeks ago they drove down to pick up their daughter, Judy Swager, and their granddaughter, Sherry Ann, and bring them back to Sandy for a week. Recently they drove Judy home again.

The Rainbow Girls will have an installation tomorrow night the 29th of January. To be installed at that time will be Janice Hemmers as Worthy Adviser, Kathy Searls as Worthy Associate Adviser, Kay Kirby as Faith, Carol Meier as Hope and Carol Houston as Charity. Just a passing comment: The

Sled Dog Races scheduled for Feb. 12 and 13 at Frog Lake would seem to be a good opportunity for the Clubs and Organizations in this area to work together and make the event a success. Let's make sure that the welcome mat is out for the visitors coming to the races. Well. . . ?

Remember, Friday night, Feb. 4, at 7:30 p.m. in the new gym of the high school! If you like choir music, don't miss it! This is the Choir Festival hosted by Sandy High and attended by groups from Sandy, Estacada, Silverton, Canby and Molalla. Admission is only \$2.75. Each choir will put on three numbers. The Class of 1967 is cooking dinner for the visiting choir members, who will begin arriving at 2 p.m. Be sure you attend the Festival!

The Band Festival will be held Feb. 17 at Estacada High School. Here's a cute comment made by some small child to a local beauty operator recently: "That isn't the real color of your hair -- it doesn't match your eye brows!" These children are getting clever! Now someone besides her hair dresser knows!

Ralph and Ginny Hames are this year's President and "First Lady" of the Adult Chapter of the local American Field Service. The 20 couples belonging to the Sandy chapter meet monthly, and include past members of foreign exchange students and members at large. Among those seen at the meetings are: the Al Gantenbeins, the Al Valbergs, the Jack Rowlands, the Warren Hardings and the Dick Steffis; also Ed Neuenfeldt, Erma Boothby, Ralph Peterson, Howard and Sara Berger, and the advisors of the High School A.F.S.: Mrs. Parmenter and Mr. Crow. Mrs. Melvin Peterson of Gresham is District Director, and a big help to the local chapter. What many people may not realize, is that all applications are submitted to New York, and the local chapter does not make the decisions as to which parents will have an exchange student or who that exchange student will be.

Procedure requires that those wishing to have an exchange student inform their local chapter, and applicants are then made by the family applying, and also by various appointed members of the local chapter reporting on the family wishing an exchange student. All applicants are then submitted to New York. A foreign

exchange student wishing to come to America also submits his application to New York. It is New York that puts the applications together, and matches the students with the homes. "They really do a good job of it too," Ginny Hames mentioned, "we knew a German girl who had a foster brother in the U.S. the same age as her real brother at home. They try and match families this way. They try also to match religions, but they cannot always do this. It is a wonderful program, and I am hoping everyone will turn out to support our efforts to raise funds for next year's foreign exchange student for Sandy." You can help by planning to attend the Spaghetti Dinner on Saturday, Feb. 26.

And now a note to "Mouse": We will miss the Mousetrap, which every-so-often snapped us in its honest grip. And, for being "guinea pigs", we enjoyed the bits of humor, philosophy, and sometimes sharp criticism you offered as "bait" in your "Mouse Trap!"

PFC MILLER TAKES PART IN EXERCISE

Army PFC Noel C. Miller, son of Mr. and Mrs. Wilkerson C. Miller, Rt. 1, Box 960, Boring, participated with other members of the 8th Infantry Division's 81st Artillery in a five-day air mobility exercise ending Jan. 7 in Germany.

Miller's unit, the 5th Battalion, was moved from its home station at Wiesbaden to Rhein-Main Air Base, where it was airlifted to Sembach Air Base. From Sembach, the battalion moved to the Baumholder Training Area for a firing exercise.

Miller, an assistant gunner in the battalion, entered the Army in Jan. 1964. He completed basic training at Fort Ord, Calif., and arrived overseas the following July.

The 18-year-old soldier attended Gresham Union High School.

The al, three-toed sloth of Brazil, was named for his cry.

This year's winners of the Oregon History Essay Contest held at Sandy grade school are shown here. The students received a trip to the State Capitol in Salem for their winning essays entitled "Why I Would Like To Visit The State Capitol?" From left to right they are: John Johnson, Robert Bignall, Jim Martin, Darlene Plante, Shirley Gannon and Joe Oldenberg. (Post Photo)

Engaged

Mr. and Mrs. Leroy Shinder of Sandy announce the engagement of their daughter, Gayle, to Lierre Andes, son of Mrs. Ella Andes of Virginia. The bride-to-be is a 1956 graduate from Sandy high school. A March 4 wedding date has been set at the Sandy Assembly of God church.

REDUCE FAT

If your overweight is due to over-eating and you want to get rid of that ugly fat get our tablets called SLIMODEX. Available without a doctor's prescription SLIMODEX will help you lose those extra pounds by decreasing your desire for food, not by starving you, but by simply eliminating the urge for extra portions. SLIMODEX costs only \$3.00 and is GUARANTEED to work or get your full money back. SLIMODEX is sold exclusively by:

PERFORMANCE THE CHEVROLET WAY

The standard engine in both the Chevelle SS convertible and hardtop is a 396-cubic-inch Turbo-Jet V8 with 325 hp. The standard transmission is a fully synchronized 3-speed with floor-mounted stick shift. (Yes, you can order a 4-speed or Powerglide. Strato-bucket front seats and console, too.) And the SS 396 chassis comes complete with firm-riding, flat-cornering suspension and wide-base wheels with red-stripe nylon tires.

Is this the kind of no-compromise road machine you're looking for? Drop into your dealer's and point an SS black grille toward an open stretch of highway. You'll find out -- quick.

All kinds of cars, all in one place... at your Chevrolet dealer's Chevrolet • Chevelle • Chevy II • Corvair • Corvette
