Engaged

Pastor and Mrs. Ira D. Follett announce the engagement of their daughter, Yvonne to Fred Griffith, son of Mr. and Mrs. Arthur Griffith, Battle Ground, Wash. The pair are students at Walla Walla college in College Place, Wash. Miss Follett is a graduate of Laurelwood Academy, Gaston, Ore. Her husband-to-be is a graduate of Columbia Academy in Battle Ground.

Grade School News

From Mrs. Haneberg's first grade:

We saw the film "Spotty, the Fawn." Every one wrote his own story and drew a picture about Spotty. This helps us to spell, write, and learn about sentences.

In science we studied about fire. We found out fire needs air to burn. We did an experiment with a candle and a jar. Why did the candle go out when we put the jar over it?

Next week we will learn how to subtract. We can add numbers that make five.

From Mrs. Beeher's Fourth Grade by Roger Harrison

The boys' P.E. class is doing tumbling. This week we learned to do flips using the trampoline. The girls are learning how to play team basketball.

In our art class we are making mosaic hearts and Valentine decorations for our room.

We have been using the overhead projector in social studies to learn the names of the rivers in Washington, Oregon, and Idaho. We are also going to use it to help us know the mountain ranges and pioneer roads and trails.

David Baska, who comes to school every day from Zig Zag is leaning something new in

sking. He goes to Mighty Mites class once a week to learn how to race. So far he has had lessons in slalom and in making correct turns. Lori Anderson has been going to the mountains every week with her parents to learn how to ski also.

Annual Smorgasboard

The faculty and board held their annual smorgasboard at the school cafeteria Jan. 29. Three were honored by having short biographical sketches read--Mrs. Johnson, who is retiring after this school year; Mr. Lane, who is completing his twenty-fifth year in Sandy Elementary; and Mr. Don Deming, who is retiring after serving as clerk of this district for 13 years. Mrs. Schmitz compiled information used in the sketches.

Mr. Norman Lucas, of Yakima, Wash., with his wife, was visiting Mrs. Burgoyne for the week-end, entertained us with music from his shake chimes, quite a unique and rare instrument. Mr. Lucas said in all the audiences for whom he had played, there had been only one person who had ever before seen and heard a similar instrument.

AWAY WITH BILLBOARDS AND WRECKING YARDS

by Joe Dyal

I am entirely in agreement with President Johnson's bill on removing billboards and wrecking yards. Take a look at the billboards! You see advertisements for everything from Olympia Beer to Harold's Club in Reno. These to me are like litter along highways. Some are beautifully designed and very beautiful colored, but nevertheless they still clutter our nation's highways.

Now consider the wrecking yards! There are nearly three million of them all over the United States. If they are all as crummy looking as the ones

Engaged

between Sandy and Gresham, I can understand why he wants to get rid of them.

To be truthful, if this bill comes through, it will put a million people out of work. But if it will help beautify our country, I'd be willing to take that step. I agree with Ogden Nash who said,

"I think that I shall never see A billboard lovely as a tree. Perhaps, unless the billboards fail, I'll never see a tree at all."
