News of FIRWOOD Extension Unit

Firwood Extension will meet Tuesday April 12, at 10:30 a.m., at Sandy Womens Club Hall. Luncheon will be potluck. The lesson will be "Low Cost Meals".

Final preparations will be made and discussed for the Achievement Day which will be Wednesday April 13, at the Masonic Hall 10 a.m. to 3 p.m. Displays will be made by various Units on the lessons given this year. There will also be a funny hat parade, music, display of dresses made in Dressmaking I workshop, songs by the Mello Moms and a speaker who has just returned from a world tour. It will be a day of fun and well worth attending. Visitors are welcome. Luncheon will be served. Because I went on vacation, our "St. Patty's Day" on March 8 did not get written so here it is-- Our day on the Emerald Isle was most intriguing. Displayed were many items from Ireland, several were given as prizes. Many interesting facts were given, such as -- No one lives further than 70 mi. from the sea, Ireland is called the "Island of Saints and Scholars", Ireland's grass remains green throughout the year, Ireland is the most sparsely populated country in Europe with a 50% decrease in population in the past 100 years.

With all these facts and numerous others Mr. and Mrs. De Shazer from Welches graciously showed pictures of their tour of Ireland--and lovely they were! Our day was completed with Irish Soda Bread (very delicious) and deep dish berry pie, which believe it or not, is very Irish. Our hats are off to our A.C.W.W. Chairman, Mrs. Pauline Forman, for a job well done. Our day on Ireland was most enjoyable. I also found out if you kiss the Blarney Stone it gives you the gift of gab--I'm taking the next boat to Ireland, I know I could use a little now and then!

Welches Grade School Menu

MONDAY
