

LaGrande Home For New Couple

MR. and MRS. ROBERT FUSSELL (Janet Lee Sorick)

A color scheme of orchid and yellow was used throughout the wedding of Janet Lynn Sorick and Robert Fussell at the Sandy Baptist Chapel on Saturday June 11. The Reverend Harold Fuller performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Rex Sorick, of Emmett, Idaho. The groom, a Sandy High graduate, is the son of Mr. and Mrs. John Fussell, of Sandy. They met as students at Eastern Oregon College at LaGrande.

Given in marriage by her father, the bride wore a floor-length white brocade gown with scalloped neckline and long tapered sleeves. Her mother had made the wedding dress. A tiara of pearls and veils held her silk illusion veil. White carnations and yellow roses formed her bridal bouquet.

Sandy Scene

continued

Crew cuts were not every popular haircut in "those days"! And some more alumni memories -- Robert Carlson, now a nurseryman in Gresham, mentioned how much the school had changed since he was there. If I'm not mistaken, seems he said he graduated in 1947. . . he recalled the creaking library floor above the wrestling room in the Pioneer Building. . . put a marble on the floor and it would roll to the middle of the room!

Doug Cassidy left Sandy June 20th. He joined the Marines and is now stationed at San Diego. The 1966 graduate plans to go in to Aviation.

Jack and Jane (Radford) Walbel live in Pleasant Home, where Jack works for Reynolds Aluminum. They are both SUHS graduates -- Jack '63 and Jane '64.

Did you notice the mental picture created with the titles of the movies playing at the Sunset last week: "Brainstorm! The Nightmare and Boris Karloff -- Die, Monster, Die!" Honestly! Only the punctuation has been added!

Happy Birthday to Jerry Dyal and Shirlee Martin.

You ARE seeing "double" when the Oregonian "carrier" comes around to collect -- the new carriers are Timmy and Tommy Benschhof.

Bert and Luzelle Walbel celebrated their 23rd wedding anniversary July 12th. July 14th was the anniversary date for Ron and Carolyn Long and Dick and Denise Simoncini, Mr. and Mrs. Earl Dove's special day was last Monday.

Yesterday was the birthday of Warren Ralph Harding, Tom Boothby and Clyde Sutherland. The day before, Florence Schmitz blew out birthday candles.

If you saw a bewigged mad moonlighter parading around town in socks and a long nightgown with a sign telling you to have free coffee at the Sandy Big Chief last Friday night, you saw Ross Williams, Ross and his wife Marian have their home in Portland up for sale, and are looking for a home in this area. They hope to move to Sandy within the next month and their 5-year old daughter, Rosanna, is already enrolled in the kindergarten held in the Presbyterian Church basement. They have one other child, little Joel, age 2. Marian Ross was serving coffee in Big Chief. They are both looking forward to meeting the people of Sandy. Ross works at the 3 Minit Mart's (Big Chief) in the Sandy-Hoodland area.

Al and Leona Perkins celebrated their 32nd wedding anniversary last Sunday by going out for dinner at the Mayfair. Their anniversary was also noted at their recent Bridge Club meeting attended by Ray and Melva Bahe, Ivan and Agnes Barker, "Mac" and Garnett McCulloch, and the Perkins. Dana Bartley, SUHS '63 and Gary Bartley SUHS '55, both in the Navy stationed in the West Pacific, are expected home on leave around the 13th of August. Their cousin, Laurie Bartley, SUHS '61, in the Air Force, is presently stationed on a base outside of Tokyo, Japan.

Seen in Passing: Earl Dove had a birthday July 15. . . Sandra Gengenbein and Rae Gaage shared a birthday on the 16th. . . Patty Mathews is working at McGuire's Nursing Home. . . Susan Drew spends 12 hours a day working on a broccoli and cauliflower planter. . . Gary Fox is a disc jockey on a religious station in Eugene. . . Jim Duff had a birthday last Sunday. . . Mat Oldenkamp and Brian Boothby celebrated birthdays last Monday. . . Mrs. Verona Schneider is home following a trip to California, everyone enjoying the Moonlight Madness and Kiwanis Fly-In Breakfast.

Don't forget to get your name on the Kiwanis-sponsored community calendar this year. See any member of the Bowling Club, or contact Jo Lewis or Betty Hartman at the Sandy Post. As Betty said "It pays to have a birthday if you are on the Community Calendar--you get several free gifts from local merchants. . ." Do sign up and reserve your copy of the 1967 Community Calendar now! Proceeds to Sandy Kiwanis Club and Mt. Hood Womens Bowling Club.

Just one year ago: the brochures urging a "Yes" vote on the swimming pool were in your mailbox. . . progress has been made!

Ken Burdick was one of the operators of the Sandy Fire Department's popcorn wagon located on the Thriftway parking lot last Friday night. The Harry Wades had parked nearby leaving their dogs in the car while they shopped. Overheard Ken telling Velma Wade on her return to the car: "Your dogs

ordered some popcorn, and said to charge it to you!"

John H. Rutherford and Teresa D. Walker, both of Multnomah County, were married in Sandy last Saturday afternoon. Judge Howeller performed the double-ring ceremony.

Louise Dorothy (Hanson) Larabee, a 1934 SUHS graduate, decided to get a Sandy Post subscription to keep up on Sandy and Hoodland news. She is a security officer at Sears Roebuck in Portland - keeps tabs on shoplifters.

Speaking of alumni - don't forget that the Class of 1961 are holding a reunion at Eagle Fern Park on August 14th. Seems the photo of the SUHS freshman class of 24-25 really caused interest. Many still live in this area or at least have families living here. Howard Berger (yes, he was one of them) mentioned that the Freeman girl (in the front row) came to school in a one-seat buggy pulled by a horse--he had a "surrey with the fringe on top" for transportation.

Ave and Ginny Brewster spent the July 4th weekend with their children, Kurt, Carrie and Alex, at Salsihan Lodge at Gleneden Beach. Kurt was looking out on the ocean from the playground and saw the tide going out. The scene quite concerned him, and his parents understood why he said: "Look! Look! The ocean is drying up!"

clearing the mountain of paper-work. We had to call for extra jumpers from Missoula and overhead from the Forest Service. It's cooled down a lot and we are getting rain showers every afternoon."

On June 25th, his letter continued: "Finally got out of here yesterday and flew up North to a village northwest of Ft. Yukon in the Gruman Goose - seaplane. I handled the controls most of the way. I am now on the local news broadcasts. I give a taped report on the fire situation and the jumper activities. I have also been given the job of putting on an air show and fire fighting display for the local "Golden Day Celebration".

The Fairbanks couple ended their letter with an interesting note: "P.S. Enjoy the Sandy Post - everyone reads the grocery ads here - the prices are so low."

Received a letter from Chon Saekoh recently where she asked me to "say HI" to all Sandylites. In addition to the news of her elsewhere in the Sandy Post this week, here's excerpts from her letter:

"My bus trip which started at Albany on June 24th is so much fun and gave me so much new experience by sharing everything with 44 A.F.S. students from 24 different countries. We stop in town of each State across U.S.A. and spend one or two days there with families.

Besides all of the activities that are arranged by AFS, host families took us for sight-seeing which is very wonderful. This is the greatest time I have ever had in my whole life. We visited capitol buildings of several states which gave me more idea about Democracy of U.S.A. We also visit several industries and the interesting places of each town that we stayed.

"I'll have to leave New York on 26th of July by plane. We'll stop in London, Bombay and finally in Bangkok. Unfortunately, I won't have much time to spend in Bangkok, for I have to go back to my school in Sangkhla as soon as possible to catch up with the rest of my fellow students." Chon arrives in Bangkok on her birthday - July 28th.

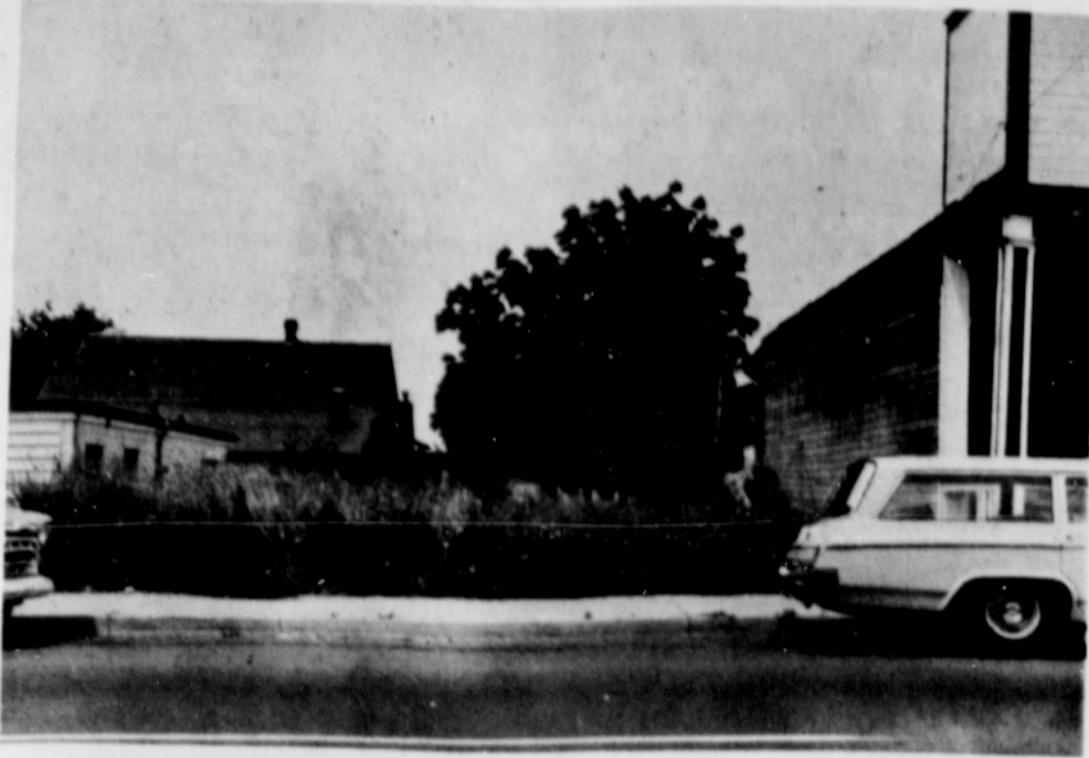

LETTER continued

Just had swimming parties and dance. We had more activities in Murray, about 10 miles from Salt Lake. We visited the Temple, Capitol building and float in Great Salt Lake and swim in swimming pool -- visited copper mine, biggest in world."

Before her departure, her American father had suggested she could lose some weight. Here, Chon related: "Dad is right! All of my dresses get bigger and bigger. I really lose weight but I am glad!"

And then on to a typical tourist problem: "I can hardly leave Murray - I am getting more and more things in suitcase."

Her letter ended with: "I really wish to see you again before I leave U.S.A., at least for a chance to talk to you. I think now that I am homesick about you. Everything that we talked about before becomes true. I can see you and Sandy just only by my imagination and dream. I know you understand me." This letter was post-marked in Wyoming.

DANGER LURKS HERE. A carelessly discarded cigarette could touch off a serious fire in the tall dry grass of this Sandy vacant lot. Local eyesores and menaces to surrounding buildings, such lots should be mowed and cleaned before fire danger mounts. (Post photo)

MOUNTAIN GRANGE 926

By Ruth Butler

The regular stated meeting of Mountain Grange #926 was held Monday, July 11th. Reports of standing committees were made by Andrew McDonald, agricultural chairman; Bruce Opperman, Legislative Chairman, and Suzanne McDonald, building fund chairman.

The Home Economics Committee meeting was held on Wednesday, July 6th, at the home of Dottie Shoup. A report on the meeting was made by HEC Chairman, Suzanne McDonald. A party percolator was donated to the Grange by the Home Economic Committee, who also exhibited a display of handicrafts made by the members.

Business topics during the meeting included community service projects, including restoration of the Cherryville Pioneer Cemetery; also wood lot timber management, landscaping, and home gardening. An interesting literary program on Farm and Rural Road Safety was presented by Grange Master Grant DeShazor and was participated in by all members.

Monday, July 25, the Grange Pot Luck Social will be held in the Grange Hall at 6:30 p.m. It will be followed by a program of community interest and Mr. Gilmore of Zig Zag Forest Service will be guest speaker. "You all Come!"

Household Hints

Young couples setting up a spending plan can estimate their average weekly food bills at about \$21.

Mary Houthouse, OSU Extension food marketing specialist, says this figure is given by the U.S. Department of Agriculture for nutritious meals based on a moderate cost plan. Good meals for two on a low-cost plan would run about \$17 a week, and on a liberal plan, up to \$24 for food cooked at home.

What causes a refrigerator to accumulate frost rapidly? If it's the manual defrost type, check these points. Is the door opened often, especially in hot weather? Are warm or hot foods put in the refrigerator? Are liquids or moist foods stored uncovered?

Any of these will add to the frost problem. Warm air can hold more moisture than cool, so more moisture enters the refrigerator to collect as frost.
