My Grandma Sally and "Hip-pie" Grandpa Max will be happy to hear (and so will a lot of other people) that Darrell Jones has filed for the office of Clackamas County Commissioner. (In case you are new to the area - Jones was a Commissioner for eight years and he did fine things for Clackamas County!) He is running for the post now held by Commissioner Stan Skoko.

Senator John Inskeep has arranged a hearing for a delegation from Hoodland with the State Highway Commission at their next meeting. This meeting is set for Tuesday, April 16, in Salem. Senator Inskeep will be part of the delegation. Perhaps this time we can convince the Highway Commission to allocate funds for the improvement of the Mt. Hood Highway east of Alder Creek.

Don Avery could hardly stop laughing when he called to tell me about Paul Rice being unable to net his own fish this morning. The Averys and the Rices live across the Sandy River from each other and it seems the fellows were each on their own side of the river fishing and just as Paul caught one his reel broke. So Don called over to Paul to get Lois down to the river to net the fish. This she did - nightgown, robe and slippers! (At 7 a.m. they were lucky she was up, let alone dressed for the occasion!)

Joyce and Keith Bowman and Ginny and Ave Brewster are home after spending a week in San Francisco. Joyce said they had a marvelous time - did everything and saw everything - and her advice to others is: "don't bother to pack clothes - just money!" This is too true - San Francisco is the easiest place in the world to spend money and gain weight. Actually, I should say in the United States because the most expensive city in the world is

Tokyo, Japan and you needn't take my word for it - this is a fact. (I remember one evening in particular when Hulda and Marsh Glos and Roy and I went to a dingy little restaurant for a Japanese dinner and we left the place hungry (all those little pieces of raw fish floating in black oil - Ugh) and we were minus over fifty-dollars for the four of us! Now if you want to eat like kings on practically nothing the place to go is Bangkok with Singapore running a close second.

Margaret and Dick Seller, of Rhody, and their three children, Tori, Brent and Michael, just returned from a trip to southern California. They went to all the fun places like Knott's Berry Farm, Disneyland, etc. and they watched the filming of the Red Skelton and Bob Hope TV shows which will be shown this week.

Dick had some interesting news about his friend George Bruns who is the musical director of the Disney Studios. Bruns purchased 35 acres east of Sandy and will build a home there. Then he will commute to the studios once per month by plane. Isn't it nice that interesting people are attracted to this area? For that matter Dick Sellers is himself a pretty interesting character. At one time he was a newspaper reporter. He switched to advertising and then formed his own agency. He has the Ad Factors Agency in Portland and does much of the local television advertising. Like many of us, the Sellers were mountain weekenders who fell in love with the area and decided to live here full time.

REMEMBER: Your discards are wanted by the Hoodland's Women's Club for the Auction, Country Store and Rummage Sale in June. If you have something to donate contact Lois Rice, Janet Hill or Florence Simmons.

Note to the "Shanku Kids" Glen and Alice Roberts: It was nice to see you on the mountain again!

Note to those passing through Brightwood: That "rare" aroma is coming from the Brightwood Tavern and new owner Joe Wohlseil says I can say, "he has the smelliest Tavern on the mountain." (More about the Wohlseils' in the next issue. They are a most interesting new addition to Hoodland.)

Note to Insomniacs: Contact Charlie Sperr for his recipe for instant relaxation! (Better yet, stop by play rehearsal and see him in action... snores and all.)

Note to Hoodlanders: If you want this column to continue, keep me supplied with items. Remember, I'm the lazy type - I want you to do the work!
