

"Making the Sandy Scene"

Kathleen O'Brien
668-4840

Some people feel the government owes them a living. The rest of us would settle for a small tax refund!

Of news to Sandyites was last week's announcement that Floyd Light, who retires this year as superintendent of the David Douglas School District, will join the Mt. Hood Community College staff July 1st. Mr. Light 65, will assume the part-time position as college development officer and federal projects specialist. He will prepare applications for federal grants and develop a non-profit organization to receive and disburse private donations to the college, most of which will go to scholarships for students. He began his educational career in 1922 as a teacher. Sandy area residents will remember him as principal at Sandy High from 1943 to 1949. His wife taught also at Sandy during those years. Their

sons, Jim and Bob Light, both graduated from Sandy High School.

Speaking of education, it is amazing how it changes things. As an example, someone recently said: "I used to think I wasn't poor. Then they told me I was poor. They told me it was self-defeating to think of myself as needy, that I was culturally deprived. Then they told me I was underprivileged. Then they told me underprivileged was overused, that I was disadvantaged. I still don't have a dime, but I do have a great vocabulary!"

Current news of Eugene and Mary Lambert's family: Eugene Jr. and Mary Lambert's family: Eugene Jr. and Mary Louise Lambert live at 6005 S. E.

Reedway, Portland, with their four children: Donald, Sharon, Paul and Joseph. Eugene, a SUHS graduate, is an electrician.

Burton and Violet (Lambert) Hawkins and their two sons, Philip and Mike, live at 3128 Fernway Cutoff, Montgomery Alabama. Violet graduated from Sandy High.

Donald and Harriet (Lambert) Hansen have two daughters, Joanie and Debbie. Their address is P.O. Box 604, South Bend, Wash.

Delbert and Margaret (Lambert) Pixler, live at 5252 Newberg N., in Salem. They have two daughters, Connie and Lisa. Delbert Pixler is a policeman; Margaret, a 1954 SUHS graduate, works for the City of Salem.

Marion and Janet (Lambert) Harlin, living at 2005 N.W. 7th Place in Gresham, have two children, Tina Marie and Tonya Ray. Tonya is just a month old. Janet graduated from SUHS in 1955.

LeRoy Lambert, a 1956 SUHS graduate, is a landscaper for Fred Meyer. He lives with his wife, Sandra, and two children: Stevie and Susie, at 3031 S.E. 120th in Portland.

Charles and Annette (Lambert) Jackson and their two sons, Mark and Hugh, live at Box 331, Sisters Oregon, where they manage a store. Annette graduated in 1957 from Sandy High.

Since returning to Sandy, I have had a number of people ask if I knew what the Lambert family were doing, so for these people who were interested in locating their classmates, I have included their addresses.

It is often surprising to find that some classmate you have lost contact with is in fact just living a few miles away from you.

By the way, does anyone know the present address or telephone number of June Jackson, whose married name is believed to be Davis? She was a junior at Sandy High in 1954, a senior in 1955 and a close friend of Janet (Lambert) Harlin. I would appreciate hearing from you should you know her present whereabouts as Janet is interested in keeping in contact with her.

Anyone who doesn't worry about the world situation these days ought to have his television set examined.

Did you know that referring to a dollar as a "Buck" dates back to the pioneer days when deerskins, called bucks, and does, were sold for amounts ranging from 40 cents to \$4 or \$5. Bucks were large and, therefore, more valuable. A buck or deerskin was a common standard value among Indians. Thought this bit of information might be of interest to Sandy Pioneers.

Have you heard of the new White House cook? -- "Ladle Bird."

Recent birthdays in the Sandy area -- Linda Wade and Gerry Barker - 8th; Laurie Jonsrud - 9th; Orville Bender, Winifred Seaman, Lou Longlois, Carl Boyke and Alysa Brauer - 10th; Wade Edwin Buswell, Art Berglund and Mathilda Burson - 11th; Mary Jo Madison - 12; David Whitlock and Norman Gynther - 13th. Patsy McColluch, Alvy Lamb, Florence Mason, July Jonsrud, Bill Whitlock and Louise Whitlock 14th. Emil and Grace Reich celebrated their 28th wedding an-

niversary March 9th. Ours is the only nation on earth that asks its teenagers what to do about world affairs, and tells its golden-agers to go out and play. In our nation is one of the greatest paradoxes, the simultaneous emergence of the beatnik and the stainless-steel blade.

Some of the Sandy's streets were named for families such as Paul Meinig Road, TenEyeck Road, Shelley Avenue, Bruns Street, Beers Street, Proctor Avenue, Meeker Street; but wonder if anyone can tell me the origin of Marie Street and Hlenie Street?

Politics are making most headlines these days. Someone remarked that "The only thing Hubert Humphrey really worries about is the LBJ square dance. That's where, in 1968, words of appreciation, he quip you change partners." ...LBJ ped: "if they hadn't helped

me it would have taken two days. As it was, it took three and a half!"

Congratulations to Mr. and Mrs. Glen Smith, Mrs. Smith (the former Judy Miles) and Sandy High's math teacher were married in Portland on March 9th.

Leading the cast of the senior class play "Good Night Mrs. Puffin" will be Eve McKenzie, Sandy's A.F.S. student. She plays the role of Mrs. Puffin, who has mysterious dreams about the Fordyce family. Other members of the cast include: Dena O'Sha, Bob Kerr, Connie Berger, Teresa Jakes, Micky Lane, Ron Nielson, Ron Verdoorn, Wally Hewitt and Gloria Anderson.

Fashion experts predicted long hair would come back into style, but they never told us it would be on young men!

Chosen as March Boy and Girl of the Month at Sandy High for their thoughtfulness were Eve McKenzie and Mick Lane. Eve's definition of a thoughtful person was "one who has a genuine interest in people. If you're willing to sacrifice a few things for the benefit of other people, you can't help but be thoughtful." Mickey defined the trait as "liking everyone you meet. When you like someone, it's hard not being thoughtful of him."

A little laughter is never amiss, --here's a human interest story of a tired, worn-out housewife, who lay down on the sofa to catch forty winks. She felt one of her small youngsters patting her face, and drowsily enjoyed the child's affection. The doorbell rang. She hurried to the door and told

the salesman that she didn't want whatever he was selling. He looked at her strangely and left. On the way back to the sofa, she glanced in the mirror and discovered her face was thoroughly plastered with green trading stamps!

With St. Patrick's Birthday just behind us, will close this week with a famous Irish Blessing: "May the road rise to meet you. May the wind be always at your back. May the sun shine warm upon your face, the rains fall soft upon your fields and until we meet... may God hold you in the palm of His Hand."

Various types of income taxes are levied in 171 U.S. cities, affecting 18 million people.
