Friday Opening Scheduled For New Heidi's Restaurant

BERRY FARMER Don Eklund and wife, Marie have switched to restaurant life. Their Swiss chalet style Heidi's opens Friday five minutes east of Gresham on Highway 26. (Outlook photo)

A sparkling new Swiss chalet-type restaurant, Heidi's, opens officially Friday on Highway 26 five minutes from Gresham.

Owners of the new restaurant, located at the Boring cutoff (Highway 212) are Don and Marie Eklund, well-known berry farmers and nurserymen in the Boring area. Eventually, they plan to give up berry farming, although they will continue the nursery business.

Ideas for the restaurant, which will feature lunches and dinners at present, have been sprouting for years in Don's mind. This winter he did serious thinking and talking. He's proud of the results and is eager for his first taste of success when his restaurant opens.

Both Don and his wife will have charge of operation of Heidi's. Don will be a fry cook too. Mrs. Eklund will assist in the management, and also the cooking--one of the specialties of the house will be a cream

cheese pie topped with strawberries which she herself picked. Another specialty will be Reuben sandwiches, favorite sandwich of both Eklunds.

With their parents' new business come part time jobs for all three Eklund children. LeAnn, 20, will get in a few summer hours before returning to her junior year at Oregon College of Education, Nick, 17, a junior and Marsha, 15, a sophomore at Sandy high, also get jobs out of the deal.

The restaurant has eight booths in bright orange, each topped with woodwork design. There's also counter seating. A snowflake design and novelty lamps carry on the Swiss theme. Walls are both paneling, in deep brown, and wall covering splashed with bright yellow flowers.

A toile painted Heidi will greet visitors. Painted by Mrs. Eklund, it served as inspiration for both the name, the style,

menus and coasters for the Swiss restaurant.

Ideally situated on a seven-acre tract between Gresham and Sandy, Heidi's will serve not only regular travelers of Highway 26 but skiers and tourists. It is easily accessible from all fourlanes of the thoroughfare. There are parking spaces for 36 cars.

Presently, Heidi's will serve only lunch and dinner during hours 10 to 10 weekdays and 10-11 on weekends. "After a couple of months, we may open for breakfast, if there is enough demand," Mrs. Eklund says. The Eklunds are both former students at Gresham high.

Estacada Jaycettes Date Fashion Show

The Estacada Jaycettes will host their annual visitation Monday, Sept. 9, at the Estacada High School cafeteria. The program will begin at 8 p.m. and the public is invited to the meeting and the fashion show to follow.

Cynthia's Fabric Shop will display fashions made the "Stretch and Sew" way. Guest of honor for the evening will be Ann Person, originator of this new method of sewing.

Tickets are now on sale at Cynthia's Fabric Shop or may be purchased at the door. Admission is one dollar per person. Refreshments will include an array of favorite des-

serts created by the Jaycettes. Beginning Sept. 5, Cynthia Broadhurst, owner of Cynthia's Fabrics, will start a new series of her popular Stretch and Sew classes.

All proceeds from the fashion show will go to the Estacada Jaycettes, who contribute to the Clackamas County Training Center.

Grade School Will Issue Grid Uniforms

Uniforms for seventh and eighth grade football players will be issued at Sandy grade school on Saturday, Aug. 31, and Monday, Sept. 2, between 10 a.m. and 1 p.m. Fees, payable at the time if possible, include 75¢ for a mouthguard and \$1 for towels.

After school begins, boys will need \$2.50 for P. E. towel fees, \$2 for school accident insurance (unless covered by home insurance), and 50¢ for a physical examination. The boys will be examined by a doctor on Wednesday morning, Sept. 4. Those who had a physical for boy scouts this summer may be excused by bringing a note from their doctor.

Football shoes are available at Cedar Plaza Dept. Store. High top shoes that fit snugly over two pairs of sweat socks are recommended.

For P. E. classes boys will need white T-shirts, blue shorts, sweat socks and a pair of tennis shoes to be used for P. E. only. It is requested that all clothes be marked with the students name in indelible ink or sew-on name tags.
