SPECTACULAR BLAZE AT CHERRYVILLE home of Mrs. Lee Schneberger Friday brought Sandy and Hoodland fire trucks to scene. The

alarm was given too late to save house but firemen battled to prevent attached trailer from destruction. (Post photo)

Flames Level Family Home

A mother and her five children were left homeless Friday by a raging fire that completely destroyed their Cherryville dwelling and gutted the attached trailer.

Mrs. Lee Schneberger was away at work and her children, four boys and a girl, aged 8 to 15, were at school when the fire, which apparently had been burning for sometime in the isolated rural home, was first sighted through the trees by three men working on the county road above the farm.

One of the men went to Alder Creek to give the fire alarm and the others rushed down to the fire. Mrs. Schneberger's

mother, who lives in a small house on the property, was alerted by their shouts and informed them that there was a possibility that one of her grandchildren was in the house.

The men, Ken Truesdale and Earl Joiner, heroically entered the blazing building and searched through both floors before they were satisfied that no one was inside.

Sandy and Hoodland Fire Districts responded to the fire call shortly after 11:15 a.m., and battled to save the trailer attached to the already doomed frame structure, which was permitted to burn to the ground.

According to Dewey Monaghan of the Hoodland Fire District cause of the fire could not be determined.

The Schneberger property is adjacent to the old Cherryville cemetery and lies on or near the old Barlow Trail. It is believed that the house was originally a stage stop on the pioneer trail.

Mrs. Schneberger and her children, who lost all their possessions in the fire, are staying with neighbors at the present time. Part of the loss is covered by insurance.
