Boring votes on fire levy

Voters in the Boring Rural Fire Protection District 59 will ballot May 21 on a tax levy for $7,975 outside the 6 per cent limitation.

It is a reduction of $3,714 from the $11,689 approved last year.

The budget approved April 1 requires a total tax levy of $91,957 which is a reduction of $981 from last year.

Matt Shields, fire chief, reminds residents that the district has a Class 8 fire insurance rate which cuts fire insurance premiums about one-third from the amount paid in Class 9a rural fire districts.

Toll-free phonerate asked for rural area

A vote on extended-area (toll-free) telephone service between the Gresham and Sunnyside exchanges is likely by mid-summer.

A spokesman for the State Public Utility Commission told The Outlook this week that petitions currently are under study.

The petitions, circulated earlier this year in the Damascus area, had asked for toll-free service between the Sunnyside and Gresham exchanges.

The PUC said that once proposed rates for the expanded service had been determined, the matter would be put to a vote.

The vote will be only in the Sunnyside area, since the Gresham exchange is only indirectly involved. Some 400 signatures were included in the petitions, between 20 and 30 per cent of the total telephone subscribers in the area.

This was described as a "good percentage" by the PUC spokesman.

If the Sunnyside telephone subscribers approve extended service, it would be put into effect as soon as necessary engineering changes could be accomplished.

Sunnyside subscribers can call Portland or Milwaukie toll-free but cannot call Gresham phones. Since business, school, church etc. ties are strong between the two areas, there has been increasing desire for toll-free service.

The PUC spokesman had no idea at this juncture just what the revised rate structure might be.
