

THE HOODLAND PARK PLAZA merchants are again having a ghostly party at the center on Oct. 30, Halloween eve. The party again will feature local residents trying to scare each other. Fun and games will be on tap at the shopping center from 6:30 p.m. to 9:30 p.m. that night.

Blue Marlin team to start practice

The Blue Marlin Swim Club is getting ready to start their workouts for the upcoming season. Practice is set to start on Oct. 26 at the Sandy Grade Pool, according to pool director and coach James Anstine. Practice will be from 5:30 to 6:15 p.m.

Oregon AAU, 12 - 14 Swim Championships, Mar. 4 & 5.
CBSL, Red Conference Championships, Mar. 11 & 12.
Lebanon

Frosh edged by Central, meet Estacada

The Sandy Pioneer frosh fell 14-0 to Central last week and meet Estacada today there at 5 p.m. The loss to Central was closer than the score showed. The Central Panthers scored on a spectacular play in the first period and got their final score with seconds remaining in the game following a desperation fake punt try by Sandy from deep in their own territory. Both teams displayed little offense in the game, according to frosh coaches Glen Smith and Dennis Warren.

The first scoring play by Central was a triple reverse play, while the second score came with only 14 seconds on the clock left in the game. Sandy coaches were not pleased with their team's performance and cited two Sandy fumbles as stopping any offensive drive the team made. The defense did make one goal line stand in the game stopping Central which was one bright spot for the Pioneers.

Elementary school news

Mrs. Wagner's room is busy looking for signs of autumn. The children have collected leaves, seeds, caterpillars and chrysalises. They have painted large autumn leaves. In music class they are learning autumn songs. Mrs. Haneberg's and Miss Eklund's classes went to Alpenrose Dairy on Thursday, September 30. Mrs. Crow's and Mrs. Carline's classes went on Monday, October 4. To accompany their study of milk some of the classes made their own butter. Miss Eklund's room made instant pudding and Mrs. Crow's class flavored their milk at lunch time. Mrs. Moore's fourth grade

seem to be eager readers as they have ordered 40 paper back books from the Arrow Book Club. They are all patiently waiting for the order to arrive so they can get busy reading. Tammy Stanton, a new student from Alaska, transferred to Welches and Kerry Haley came to our school from Washington. In Mrs. Goodling's room the boys and girls have been estimating. For good practice there was a jar of M&M's on her desk for the student's to estimate the number in it. To their surprise when they counted them there was 777. The closest estimate was 510 by Harry Evans.

Horses, Gigi Stavros and Mary Romine. Charlie Brown's Great Pumpkin Patch is displayed on our wall. It is full of pumpkins characterized by boys and girls. Two snakes, a turtle, and a cactus visited our room this week for science. A Halloween mural is being planned by Mrs. Goodling's fourth grade room as they look forward to Halloween, complete with haunted house. We are studying the different habitats of plants and animals in science. Terrariums and aquariums built by the children will become a part of our classroom for the entire year. In Social Studies we are learning about the terrain and river systems of the Pacific Northwest. This study will culminate in each youngster modeling a small graphic relief map of the Pacific Northwest. This week we received a new boy from Woodburn, Ronald Beaver.

Mrs. Beehler has 32 boys and girls in her room again. Adam Bryce moved to Portland to go to school and Carl St. Clair came on Monday to our room from Troutdale School. We have made a forest terrarium and have a frog living in it. Now we are working on a desert terrarium.

There is an ant farm in Mr. Turner's room which is being observed by the children. They are watching the ant's building tunnels. To keep them alive and well they are feeding them sugar water. The ants have to be kept in a dark place so that they can work. The boys and girls have also been observing their frog in his terrarium home.

Mr. Berglund's boys and girls have been studying about the earth and how it is divided into continents. They have learned about soil and why it is so important as a natural resource. The children have also found out that the different climates are important and are different in many parts of the world. In science, the room has been studying about scientists, what they do and how boys and girls can be good scientists by using a scientific method.

You are not alone.
God is with you now, and He cares for you, loves you, and protects you. You can prove this. This week's Bible Lesson tells about your unity with God, good, and about His love for you. You can read this lesson in the quiet of our public study room. Or you may borrow the Christian Science textbook to read at home. Everyone is welcome. Won't you come in?

Mr. Berglund's boys and girls have been studying about the earth and how it is divided into continents. They have learned about soil and why it is so important as a natural resource. The children have also found out that the different climates are important and are different in many parts of the world. In science, the room has been studying about scientists, what they do and how boys and girls can be good scientists by using a scientific method.

When asked what part of the paper they turn to first - 50 per cent stated the comics. Student body elections were held last week. The officers elected were Mark Peterson, president; Debbie Hite vice-president; and JoAnne Cyfers, secretary-treasurer. Students in Sandy Grade School have been reminded of rule "No. 15 Pupils who refuse to obey promptly the directions of the driver or refuse to obey regulations forfeit their right to ride the buses," which is taken from the State Board of Education's Regulations Governing Pupils Riding Schools Buses and which is posted in all school buses.

Mrs. Moore forgot to report in the last news that Derrick Berg won a second place trophy in the Punt, Pass and Kick contest. He brought it to school for everyone to see. We had a group present the play "Apple of Contentment" - for audience reading class. The cast was: Readers, Denise Closson and Cindy Vandenberg; Selfish Mother, Susan Beams; 2 pretty Girls, Shiela Overton and Barbara Anderson; Ugly girl, Joanne Barr; Elf, Shannon Owens; Magic Apple Tree, Eddie Roberts; King, Mitch Scheel; Goose, Tim Freeman.
