

FIREMEN TAUGHT students about the use of baking soda in the prevention of grease fires in the home during the recent Fire Prevention Week. Sandy firemen visited local grade schools during the

week. The district is now set to hold an election for two board members on Dec. 6. Petitions for nominations can be obtained at the Sandy fire hall.

## Hoodland On The Go

Fire Fighters 7:30 - 10:30  
PTA - 8 p.m. Welches Grade School

**WEDNESDAY: Oct. 27**  
Sr. Girl Scouts 4:15 - 5:30  
Aeppli's

## Mountain developments before planning group

The Hoodland Planning Group will hold a meeting tonight at 7:30 in the Pow Wow Room at Bowman's.

## Sandy football teams win, volleyball lose

The Sandy seventh grade football team won its second game of the year with a thundering 38 to 0 whitewashing of Canby.

Randy Keller provided the spark by scoring 4 touchdowns and throwing a touchdown pass to Brad Paluck for a fifth. One of Keller's scores came on a 98 yard run.

The Sandy defense was sparked by Randy Allison, Brad Paluck, Wade Buswell, and Steve Urban. Next game for Sandy is October 20 at Estacada.

Girls' volleyball bounced onto the Sandy Elementary School sports scene on October 12 when Coach Pont's team met a squad from N. 91. Unfortunately the bounces went against Sandy as the No. 91 girls won 51 to 36.

Leading servers for Sandy were JoAnne Cyphers, Debbie Hite, Nancy Carmony, and Brenda Roberts with 7, 6, 5, and 5 respectively.

Cindy Wilds looked good

Leading servers for Sandy were JoAnne Cyphers, Debbie Hite, Nancy Carmony, and Brenda Roberts with 7, 6, 5, and 5 respectively.

Cindy Wilds looked good

among the seven players and had 6 successful serves. Coach Ponta cited several good defensive plays by JoAnne Cyphers and Debbie Hite in reflecting on the game. However, she promised some vigorous practices before next week's game against Estacada on October 19 at Sandy.

Sandy Mountaineers met the Woodburn Spartans on October 6, at 3:15 on the Sandy Grade school field. Sandy won the flip and elected to receive. The score was in Sandy's favor immediately and at half-time was 24-0.

In the second half the game ended in Sandy's favor 48 to 8.

## Tapes taken

A stereo tape deck and tapes, valued at \$245, were reported stolen Oct. 17 from an auto belonging to Robert Douglas Sweeney, 15508 SE Division.

Sheriff's reports said the thieves entered the auto through a wing window.

Local residents area urged to attend this meeting to give the HPG their opinion on the issues before them.

In a meeting several weeks ago the planning group heard from these firms but not enough members were present to form their advisory comments to the County Planning Commission.

The meeting also will include a report and discussion with representatives from CH2M. This firm is currently doing a comprehensive study of the area.

## Hoodland women planning annual fashion show

Members of the Hoodland Women's Club are busy preparing for their annual fashion show to be given at the Hoodland Park Building, Saturday October 23 at 8:30 p.m.

Holiday Highlights will be the theme with fashions presented by the Cat's Meow of Sandy and the Trollhaugen and Darr's Ski Shop of Government Camp.

The women of this club have become known for their skill in mixing fashions with festivity. This year Chairwoman Georgia Vermaas has arranged for Viljo and his combo to furnish music for dancing from 9:30 p.m. to 1:30 a.m.

Everyone is invited. Tickets are \$1.50 per person and will

**Nell's Notes**  
By NELL HOWE  
Hood-Land Reporter

Eldon Goodsen is home on leave from Germany for 30 days. Eldon is home to attend the wedding of his brother, Gary.

Gary Goodsen is home on leave from the Coast Guard, at Key West, Florida. Gary will marry Beverly Rice of Sandy on October 25. They both attended Sandy High School.

Gary will report back to San Francisco when his leave is up. Eldon and Gary are the sons of Lorraine Goodsen of Zig Zag. Our congratulations to Gary and Beverly, and we wish them every happiness.

Evelyn and Andy Morlan back from a successful hunting trip to Canada. They were booked with Tom Erickson as guide.

As they were buying their hunting licenses, who should be in line with them, but Mr. and Mrs. Glenn Sheppard and Mr. and Mrs. Roger Comer of Sandy. Turned out they were all booked with the same guide.

They drove into Vanderhoof stayed there one night, then drove about fifty miles more. From there, they left their rigs and went 51 miles more by boat to Tom Erickson's home. Tom lives alone with his horses, dog and cat.

During the summer Tom blazes new trails and builds new cabins in new country. At his home he has two nice cabins, a meat shed, and a modern two room home. Plumbing, hot water, power plant, small deep freeze and above all, excellent food.

Tom's brother, Oliver, guided Roger and Glenn mostly by boat and foot power. They also found time for some excellent fishing. Some they smoked, others were eaten for a delicious meal.

Andy and Evelyn rode horse back daily for most of five days

out of the seven hunted. Evelyn said she hadn't been on a horse for 22 years, and because of an injured knee couldn't reach the stirrup.

On Sept. 14 they packed 8 miles into another range where it was more rugged. Scenery was breathtaking. A small two room cabin. The running water was taken by a bucket that was run down to the lake and back. The plumbing for the bathroom was that famous one pole perched over a hole with the toilet paper in a tobacco can. That certainly brought back memories.

Andy and Tom went by canoe to hunt the islands, and Evelyn went in another direction, walking. A big moose came her way.

Glenn and Roger got their moose the same day. Roger also bagged a bear at a later date. The next day Andy got his moose. It was so dark by the time Andy got his, they dressed it out and at 4:30 the next day they took horses and packed Andy's moose right to the boat.

Then got the other moose and all the gear to the boat. The trip back to their rigs took 4 hours.

The Comers and Sheppards got a bonus trip as both guides are friends of Harold Ede, formerly of Sandy. Oliver took them by boat to visit with Harold. An all day trip.

Margaret Ann Fielding called to report that she had sent in 5200 points in Betty Crocker Coupons, last week, for the Kidney Machine Drive. That amounts to \$26 worth.

Since the Hood-Land area started on the drive, a year ago last August, we have sent in enough coupons to amount to \$146. Don't forget the drive ends on December 31, of this year. So save up all the coupons you can to make our last concerted effort one of the best of all.

MHCC is hosting the annual fall meeting of Oregon community college science teachers this Saturday. The conference, expected to draw some 100-150 science instructors, will be held in the college's newly-completed science technology facilities.

One of the highlights of the morning session will be a planetarium show in Mt. Hood's astronomy center. Afternoon sessions will be devoted to special interest group discussions including a biology college science improvement program headed by John Jacobs.

The sun, considered an average-size star, is the star nearest to the earth.
