

Nell's Notes

By NELL HOWE
Hood-Land Reporter

(Continued from page 11)

and to have such a terrific evening.

Our thanks to every one of them, and especially to our kids for making it all possible. All we have to do now is make it to our 50th.

Jim Rogan retired from the U.S. Forest Service after more than 26 consecutive years all spent at the Zig Zag Ranger Station. Jim would like to say a great big thanks to his co-workers and other friends who gathered at Wild Wood Park for his retirement party. They all helped make it such a pleasant evening. He plans to spend many hours enjoying the use of the fine fishing equipment he received as a gift.

Several old timers were present, plus Jim and Genevieve Langdon and Larry and Hazel Espanosa. There were 115 people, including the children, and four dogs. Any guy that has that many dogs show up at his party must be all good guy.

Come to think about it, we had one dog at our party. Jennie Welch brought her poodle Lambchop. How could I have slighted him that way? Sorry, Lambchop. Anyway, back to Jim. We offer our congratulations to him for all his years of fine service, and after talking to him know he is enjoying his retirement immensely.

Margaret Anne called to tell me that on July 4 at 11 p.m. a dog got into her sheep and mutilated the hind quarters of one of the ewes. The ewe is still living, but not moving too quickly. She managed to get her head into something, so the dog was unable to get at her throat.

Jim and Margaret Anne would like it known that they are gunning for a dog with a white front, so if you don't want your dog roaming at night, better keep him in.

Margaret Anne also reported that she has \$27 worth of Betty Crocker Coupons ready to mail into the Kidney Association. It has taken over five months to collect that small amount and she has asked that everyone, that can, please start filling the jars with coupons. It will certainly be appreciated.

Spent the fourth holiday over on the lot at Madras. It was beautiful over there. Not as hot as here. We had a good refreshing breeze all the time. Jan and Garm and the kids came over on Monday night and stayed.

Tuesday Dave and Garm really cleaned up our picnic area and got the ditch dug for the water line and the power line. They also trimmed lower branches off a lot of Juniper trees. Jan, the kids, and I couldn't stand all that ambition so we went down to the Cove swimming. A great weekend.

We also found out that we have some more new neighbors over there that just bought a lot. Audie and Florence Lionberger bought the lot right next to some friends of ours from town. Small world. Audie was going to surprise us but I have a habit of going up to the office every time we are over and checking the names on the new sales.

They have a big map there with flags on it with the owners name. We didn't let them know till they called that we knew what was going on. Sorry about that Audie. You shouldn't try to keep secrets from me.

We had a wonderful visit with Dick and Edna Phelps. They are here from Saudi Arabia. Dick had to come back to the states for open heart surgery, but will return to Arabia the end of this month. He is doing marvelously well, and ready to go back on the job.

He has one more year overseas then they will return to the states to stay. They could write a book on all the experiences they have had in the past 17 years and they have lived in so many foreign countries. What a wonderful experience it has been for them. It will be great to have them back in the States.
