**Corbett completes summer term**

July 14 is the final day of a five week summer school for students from Corbett District 39.

Held at Springdale, classwork was provided in reading and math for selected students from grades 1 through 8. In addition, a preschool program was provided for all incoming first graders.

Preschool students taught by Mrs. Rose Mary Brinkman began their work in reading and language using the Distar phonics system. Field trips included Alpenrose Dairy, a train ride from Portland to Vancouver, Wash. and a tour around Portland International Airport.

Primary grade students in Mrs. Carolyn Kennebecks reading classes also used the Distar phonics system. Older students received individualized instruction from a variety of other programs.

Clyde Davis's math students also received a variety of individualized instruction. The basic math facts were emphasized. These individualized programs were made possible by the assistance of several teachers aides.

The reading and math classes plan a field trip for the last day to Skyways Airport at Troutdale for a plane ride.

Mrs. Christine Walker will be the new librarian for the Corbett Grade Schools. She has kept the Springdale School Library open during summer school from 9 to 11. Starting next week Corbett Grade School Library will be open to the district from 9 to 11 a.m. Monday through Thursday; then starting Aug. 21-29 the new hours will be 9 a.m. to 3 p.m. It is hoped that many students will use this opportunity for summer reading.
