

**Nell's Notes**

By NELL HOWE  
Hood-Land Reporter

Two more break-ins happened that I know about Dr. Short's place in Welches and Mr. and Mrs. Bryces, across from the Short's.

The Doctor had an emergency call last week in the evening and Esther decided to go in with him. No one, supposedly, knew they were going. Evidently someone was watching.

It makes a guy leery about even going to the store. As if there is a watch-bird watching you. I don't care for it at all.

Shelby Davis took off for the store last week, got part way down Lolo Pass Road and the car died. Nothing would start it. One of his friendly neighbors towed him down to Zig Zag Store. Wendell proceeded to investigate the problem, and found out what was wrong. Shelby had left his air cleaner off because it started easier in the cold. A family of mice had moved in and built a nest in his carburetor. The family of mice will bother no one again, and Shelby will leave his air filter on after this. It is amazing what will move in with you when it gets cold.

Congratulations to Sharon and Pat Waits on the birth of their daughter, Lisa Renee, 7 lb. 11 oz. and 21 1/2 inches long. Mother and daughter are doing fine, the father is holding up well also.

Those two grinning characters you see around, are Pat and Eastel Brewer, the proud grandparents, boy are they proud. Pat rushes home on her lunch hour to get in an extra hour of spoiling.

So very sorry to hear of the passing of Gladys Perkins' brother, Leo Rypczinski. There are still a few of us left on the mountain that remember Leo. He passed away at his home in Milwaukee last Friday afternoon from a heart attack. Our very deepest sympathy to the family.

Was so terribly shocked to hear of the sudden passing of Jerry McAndie. Andy and Jerry have been living in Redmond where Andy is head of the Smoke Jumpers School for the Forest Service. They had previously been stationed at Zig Zag for several years. They are both very special people, as far as this family is concerned, and we will miss Jerry so very much. Our very deepest sympathy to Andy and family, and to Jerry's parents, Mr. and Mrs. Cecil Daimler and family.

At this writing, I am still not ready for Christmas so haven't had time to go out and dig up very much to talk about.

Juanita sends her greetings from Alicante, Spain. Where the sun is shining, and they will exchange gifts on Jan. 6, the same as in Mexico.

A very Merry Christmas and the Happiest and Most Prosperous of New Years to each and every one of the wonderful people on the mountain, and elsewhere that do me the honor of reading this column.

**Clayton Wills takes post**

Oregon State University Extension agent Clayton Wills has been appointed chairman of the Clackamas County Extension staff, according to Lee Kolmer, director of the OSU Extension Service.

Wills replaces Harold Black, who has been appointed coordinator of Portland area metropolitan 4-H youth programs. Wills assumed his new duties Dec. 15.

The new chairman, a specialist in poultry and forestry, will supervise a staff of seven other agents, and will give overall leadership to Extension activities in Clackamas County.

Before joining the Extension Service in 1969, Wills taught vocational agriculture for nine years at Jefferson and Albany High Schools.

Wills received bachelors degrees in agriculture and agriculture education at OSU in 1960, and earned a masters degree in agriculture education at OSU in 1967.
