

POWER OF THE PRESS resides in these control buttons. All it takes is a finger, and away it goes. (Outlook photo)

KEY TO IMPROVEMENT in production at Outlook's new plant is this new six-unit Goss Community press. It increases volume potential at highest quality of offset printing. It all comes under jurisdiction of Ed White, Outlook press foreman. (Outlook photo)

NOW IN PLACE, new roll is about to become a newspaper. (Outlook photo)

COPIES FLOW from press like a waterfall. (Outlook photo)
