

People editor named to 'Top 10'

People Editor Outlook staffer won first place for three articles on agriculture, second place for sportswriting and third place for fashion reporting. Mrs. Ashmun has been writing for The Outlook since 1970.

Window hit

Vandals threw a beer bottle through the rear window of a truck owned by George R. Marr, 21510 SE Ash, Aug. 24.

HOWARD ANGELL'S trailer park off of S. Bluff Rd. is still under development, but several trailer homes have already moved

onto sites. The trailer park will house 76 units when completed.

AT SANDY ELEMENTARY SCHOOL

Miss Salsbury's third grade: We have several new students in our room this year: Kathy Flynn from Portland, Shelby Dries from Troutdale, Jesse Ash from Concord, Calif., Franklin King and Michael Skelton from Portland.

We are learning to find the subjects of sentences in English. Addition and subtraction are being reviewed for math. In art we are making autumn mushroom pictures

and very colorful autumn "wax paper trees." Our science unit for this nine weeks begins with dental health, the care of our teeth. At the end of our study we hope to put on a class play about teeth.

September birthdays: Miss Salsbury, Sept. 7; Jesse Ash, Sept. 15.

Mr. Fox's third grade: There are 25 students in Mr. Fox's room. Three of these came from other schools: Pebbles Moore from Taft, Arizona;

Kathy Maples, Rockwood Alder School in Portland, and Kay Foust from spending a year in Dacca, Bangladesh.

Mrs. Wagner's second grade: We are happy to have 27 children in our room this year. There are 15 girls and 12 boys. Christina Wardy, Elizabeth Rose, Robert Gzik, Dan Underwood, and Susanne Hodgson are new to our school this year.

We have started writing our numbers to 1,000 in math. We are also learning to read these big numbers. When we are finished we will be members of the 1,000 Club!

Mrs. Smith's second grade: The boys and girls are enjoying the guppies that Bobby Mintun brought for our class.

The garter snake we are observing was brought by Floyd Wheeler.

We have fifteen boys and twelve girls to begin with this year.

Mrs. Noble's third grade: Of the twenty-three in our class, six are new to Sandy. They are Wren Bata, Melinda Congdon, Laura Stringham, Jerre Erland, Ricky Searls, and Michael Sheppard.

We have begun learning about balanced meals and the four basic foods we need for good health and growth.

This week we will begin our first unit of study in science. We will learn how to use a compass, how to tell the location of the sun by looking at shadows, and how to prove the direction in which the earth turns. We will also find out what causes the four seasons.

Miss Fast's third grade: School has begun again and our class is off to some new adventures in the third grade. We have 13 boys and 10 girls in our class.

The third day of school, Sept. 6, we had two birthdays: Donna Nelson and Patricia Stotts. We also celebrated Clifford Crabtree's birthday on Sept. 7 because his birthday was on Saturday, the 8th. The class made birthday cards for each of them.

On Friday we got an aquarium in the room with six fish in it. We really enjoy watching them, but we were very sad when two of them died. We hope to get some more.

For safer and more efficient loading and unloading of passengers the buses will be stopping in the parking area between the upper grade building and the swimming pool. Parents and others driving to the school are asked to park on the city street; we cannot safely accommodate cars in the area when buses are there in the morning and again after school.

SCHOOL LUNCH MENU

SANDY ELEMENTARY SCHOOL MENU

MONDAY, Sept. 17
Vegetable Soup
Crackers
Cheese Stick

Brownies

Goodwill slates stop here

The truck from Goodwill Industries will come to the Sandy-Boring-Estacada area on Tuesday, Sept. 18, to pick up donations of furniture, appliances and household goods from those wishing to give these repairable items to Goodwill.

Call Goodwill direct at 234-0321, who will see that the truck comes to the door of your home or place of business.

Your contributions of repairable items create work and job training for the handicapped at Goodwill. Your shopping the Goodwill stores provide the wages and operational costs and supports the rehabilitation program.
