

In state campers increase

Campsite reservations at Oregon State Parks participating in the reservation system showed a slight increase this year over previous seasons, it was announced by David G. Talbot, state parks superintendent.

During the 1973 season, there was a total of 63,940 reservations made at the 18 parks participating in the program. This past season seven additional parks were added to

the reservation program. Many of these parks added to the program have had light usage in the past.

Figures for 1973 show a 20.5 per cent increase over last year but when the same 11 parks that have participated in the program in previous years are compared, there is a 2.5 per cent increase.

Of the reservations made, 74.2 per cent were by Oregonians and 25.8 per cent by

non-residents. This compares to the 68-32 per cent ratio for 1972.

Gun missing

A revolver, tape deck and television were taken from the Edward Freeman Busby residence, 18710 SE Clinton, between Oct. 31 and Nov. 2, according to sheriff's reports. Value was placed at \$495.

Schools work to meet individual's needs

Sandy Grade School district is working towards meeting the individual needs as well as group needs of students.

According to district superintendent Tony Bryant, the grade school is working to "give educational challenges to the students at their own levels more now than at any time before in education."

Bryant made these comments in a talk before the Sandy Area Chamber of

Commerce this past week.

"Schools must work more now with all the factors that influence a student than at any time before," said Bryant. "but

Local student on OSU marching band

Oregon State University's 150-piece marching band includes several students from this area this fall.

The band, one of the largest in the West and featured on a national television show last

at the same time instructors must still teach the basics of education — reading, writing, and arithmetic."

Bryant stated the local grade

school district is making use of several special grants to enable the district to meet all the individual needs of the students, including special education and

experience for students.

Band members this fall include from Sandy: Thomas B. Benshoff, sophomore, Business and Technology; Timothy A. Benshoff, sophomore, Business and Technology.

tutoring programs.

The new upper grade wing at the Sandy campus is still under construction and the district is hoping to move into it sometime around the first of the year, according to Bryant.

The new wing was originally slated to be completed by Aug. 15.

When in use, the new wing will house 10 teaching stations, a music room and a resource center.

NOTICE TO INTERESTED PERSONS
NO. 18385
IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR THE COUNTY OF CLACKAMAS PROBATE DEPARTMENT
Probate proceedings in the estate of Michel Ziola, deceased, are now pending in the above entitled court, wherein Geo. L. Howeller, the undersigned, has been appointed and has qualified as the personal representative of said estate. All persons having claims against said estate hereby are required to present them, in due form and properly verified, within four months after the date of the first publication of this notice, as stated below, to the undersigned at the following address now designated as the place for the presentation of claims, to wit: P.O. Box 366, Sandy, Oregon.
Geo. L. Howeller
Personal representative of the estate of the above named decedent.
Dated and first published October 25, 1973. SP-45

NOTICE GRANTING HIGHWAY LOCATION-DESIGN APPROVAL
In conformance with Policy and Procedure Memorandum 20-8, promulgated by the Federal Highway Administration, location design approval has been granted under date of October 24, 1973 for reconstruction on the Warm Springs Interchange Section of the Mt. Hood Highway (US26), near the community of Government Camp, Clackamas County, Oregon.
The project is located at the common junction of US26 and OR35, immediately east of the community of Government Camp with work proposed on both routes. Said work is entirely within Federal lands.
Construction work on the project consists of a grade separation structure with necessary grading, surfacing, and paving to comprise a suitable interchange providing for the safety of all directional traffic movements.
Maps and related data pertinent to the proposal are in the Transportation Commission files, State Highway Building, Salem, and are available for review and copying if interested persons desire.
