

Fall concert at Sandy Hi

Selections from "Cabaret" music department Tuesday, Nov. 26, at 8 p.m. in the Sandy High School cafeteria. The symphonic band and the jazz ensemble will be presenting a program which

includes familiar music such as the "Pastoral and Allegro" from the William Tell Overture by Rossini.

A feature soloist for the evening will be a member of the high school faculty, Miss Marilee Frei, with a French horn solo of "Rondo" by Mozart.

A percussion ensemble will be featured in "Concertant," directed by LeRoy Anderson, the new instrumental music associate to Mr. Don Gardner, instrumental music director at the high school.

A special trio number of the "Teddy Bear's Picnic" features Susan Johns, piccolo, Carl Gay, tuba, and Kathleen Knapp, piano.

Tickets for the concert will be available at the door on the night of the performance, \$1.00 for adults, and 50 cents for students.

Ambulance offers new service

Sandy Ambulance Services Inc. have expanded their services to include an answering service for local businesses.

The ambulance's emergency dispatcher handles the answering service 24 hours a day seven days a week.

Don Armintrout of Sandy Ambulance explained the extra service functions from a separate receiving box and therefore does not interrupt the ambulance's normal emergency operations.

SANDY ELEMENTARY eighth graders, Kelly Kuykendall, left, and John Parker, prepare questions before traveling to KATU TV station, Portland, where they

and other junior high age students met with Oregon governor Tom McCall. Film tape of meeting was shown on channel two Monday evening.

(Post Photo)

ELEMENTARY SCHOOL

Ms. Wavra's fifth graders have been having lots of fun in art class, making things they would like to use themselves. Last week Mrs. Denney substituted while Ms. Wavra attended her grandfather's funeral.

Joni Duff reports from Mr. LeBrun's room that they are making reports in social studies, and a map of Oregon. Students are each reporting on a different state. On their maps of their state the boys and girls are showing where people grow their food, and where the farming country is. After finishing their reports they will be writing letters to pen-pals.

Last Tuesday Mr. LeBrun's class started a new program called "contingency management." Each student has a sign indicating whether they are working, done, or in need of help. If the task assigned or set for the students is completed they can then go to a special area to play games or do other individual activities.

Georgina Noble is a new addition to Mrs. Roussett's room. Glad to have you here. The boys and girls saw a film in Social Studies on the people of Africa. They have also completed their steam engine, which they started while studying engines. Troy Seeger was recently elected president in Mrs. Roussett's room, with Jim Daniels as vice president. Christine Snoozy is now the class secretary, and Gary Blazer is treasurer.

Mrs. Klep's sixth grade class is busy doing an activity on newspapers.

UPPER BUILDING

Practice runs for the hot rod races have begun. Avid racing fans can be found at the trials in the gym during noon recess.

Kelly Kuykendall and John Parker were representatives from our school, participating in a conference with Governor McCall. The program was on Channel Two last Monday evening.

The library has been a busy place this week, with students anxious to see the new books added during Children's Book Week, Nov. 11-17. Parents are welcome to visit this facility, too.

Tuesday, Nov. 26, the eighth grade basketball team will have scrimmage with Cottrell here at Sandy at 3:30 p.m. The boys would like to have interested spectators to cheer them on.

The wrestling program is also underway, with many boys turning out for the various weight classes. Mr. Takeuchi is coaching the team this year, aided by Mr. Richards.

GENERAL NEWS
A new grounds keeper, Tom Christian, has been hired part time in the custodial area. The incinerator has been rebricked to prevent the problem of smoking in the upper grade area.

The custodians have been working on the ground litter around the school buildings and appreciate the public picking up also.

If you notice the grounds, they are much improved. The girls in the home ec area under Mrs. Hastings have invited the cafeteria workers to a tour and tea on Dec. 5. Some of the ladies haven't seen the new facilities yet.

Thursday, Nov. 14, each of Firwood's first grade classes traveled by bus to north Portland to the P.I. Building to see the exhibits of the Pacific International Exposition. Four mothers from each class accompanied teacher and class as helpers.

The buses were met by members of the F.F.A., who led the tour around the building. Students saw several breeds of dairy cows and beef cattle. Pigs, sheep, and poultry were also observed. The children were most interested in seeing chicks hatch and the sheep being sheared.

As the groups ate their lunches, stock horse judging was being conducted. It was an eventful day and the volunteer parent help was most appreciated.

Our school was only one of several who went, for there were about 4,000 children there.

Would you believe a potato could be a turkey? If you had been in Miss Fast's room last week you would have seen many creative-looking turkeys of every different size and shape. The students brought whatever things they needed to make their individual turkey, including toothpicks, bright feathers, buttons, brads, etc. Try it yourself—it's fun!

We finally finished the moving book, "Charlotte's Web," and now we plan to see the movie as a class at Mt. Hood College. It will be interesting to see what we have read about.

OBITUARIES

Charlie Steele

Graveside services for Charlie Steele, a Sandy resident, will be held Thursday, Nov. 21 at 11 a.m. at Willamette National Cemetery.

Steele was born in Oklahoma on May 13, 1896. At the age of 20, he joined the Army to serve until 1939. Upon his discharge he worked at various occupations until his retirement. Mr. Steele was never married. He was a member of the Catholic Church.

Steele died in a local nursing home this Nov. 18.

Sandy Funeral Home is in charge of arrangements.

Shirena K Compton

Shirena Kay Compton, Old Marmot Road, Sandy, died Friday evening, Nov. 15, in a mobile home fire. She was born Nov. 11, 1964 in Yakima, Wash., and had lived in Sandy the past seven years. She was a student at Hood View School, Boring.

She is survived by her parents, Mr. and Mrs. Lowell Compton, her brother, Tawin Lowell Compton, and her sister, Shanna Lavonne Compton, her grandparents, Mr. and Mrs. Bill Lewis, Randall, Wash., and Mr. and Mrs. Willie Compton, Glenoma, Wash.

Funeral service was held Tuesday, Nov. 19, at Sandy Seventhday Adventist Church. Interment was in Cliffside cemetery, Sandy.

Pastor Edwin G. Brown and Pastor Oliver Lang officiated. Clayville Funeral Chapel, Estacada, was in charge of arrangements.

Bankruptcy

Richard Roland Dutcher (doing business as Dick Dutcher's Country Brass) and Maria Dawn Dutcher have been adjudged bankrupt.
