Students write stories

Many things have been happening in Miss Herrington's class. Last week they voted on the Good Citizen for March; a person who shows courtesy and practices safety rules at school. Tammy Curtis was chosen.

The students have been writing lots of stories; their latest about jokes they played on April Fool's Day.

The boys and girls are

learning about different musical instruments. They have been playing an autoharp.

Those who have April birthdays are Lana Shafer on April 8 and Jimmy Goff on the 20th.

Even with a snow storm close behind us, Mrs. Harding's pupils are trying to "think spring." We are going to plant

seeds and watch them grow. We will learn about the needs of plants.

Lots of baby animals arrive during the spring, and we hope there will be some to see on our trip to the zoo next month.

Tamara Gertzen and Gerald Hale won prizes for their carnival posters.

Spring vacation is over and Miss Fast finally got back in the classroom after being sick a whole week before vacation and then being in Wisconsin for ten days visiting a special friend of hers, Marty Kramer, her fiancé.

We had "The American Trapper" (Ben Seidal) come

for an assembly Thursday. He showed us many kinds of animal traps and furs from various animals. We learned a lot about the early days.

Plans are being made for the annual Grandparents' Day, something we are looking forward to with pleasure. If you would see grandmothers swinging the jump rope or grandfathers listening to someone proudly reading, you would wonder who was having the most fun.

If a child has no grandparents who are able to attend, he may adopt one for the day from among the Sandy Senior Citizen group.
