John Deere
tills deep, backs away from fences

Wide bolo tines mix and mulch thoroughly to a 7-inch depth. Prepares deep, fine seedbeds and saves hours of hoe work in your garden. A reverse gear lets you back away from fences or tight spots without difficult lifting and turning. For safety you must hold the reverse lever down while backing - release it and all action stops. Choose a 3 1/2- or 6-hp John Deere Tiller. See us today.

Nothing runs like a Deere

8- to 19.9-hp John Deere Lawn and Garden Tractors

Handsome styling encloses the engine for a really quiet ride. Controls are color-coded and near at hand for easy use. A 3-dimensional control panel is easy to read. And John Deere offers a wide range of power sizes, from the 8-hp model 100 with 3-speed drive, the 8- to 14-hp 200 Series with variable speed, to the 16-hp 300 and 19.9-hp 400 with hydrostatic drive. See us now for a John Deere.
